### Plain Speaking Is Heard At India Conference

### Gandhi Declares Campaign Will Be Renewed In India

Tells Delegates in London That as Round-table Conference Has Come to Nothing, He Will Return Home and Launch New Non-violent Non-co-operation Movement; Sir Tej Sapru, India Liberal Leader, Unshakeable in Opposition to Provincial Autonomy in India "Divorced From Responsibility at the Centre"; Sir Samuel Hoare Tells of British Government's Efforts

London, Nov. 25.—Mahatma Gandhi made a clean break with the British government to-day and announced that since the Round-table Conference had come to nothing, he must go back to India and start his campaign of "non-violent, non-co-operation" all over again.

"Notwithstanding the laudable efforts of some delegates to pump life into the corpse which we call a Round-table Conference," he said, "I fear I must abandon whatever slender hope I ever had of obtaining a full responsible self-government."

"Since it is clearly the intention of the British Government not to grant the things we have asked, I must abandon co-operation with the government and start again the campaign of non-violent non-co-operation."

"Nothing but 'terrible repression' in India could come out of this conference," he said, "but repression never has harmed a nation sailing toward its goal with fixed determination."

"A reign of terror by the government cannot kill the desire of millions of Indians for their independence," said Mr. Gandhi. "We teach our children to dance with joy when bullets fly around them. We teach them to suffer patiently for freedom. And now I must go back to India and invite the nation to a new course of suffering."

**PLAIN SPEAKING**  
By GEORGE HAMBLETON  
Canadian Press Staff Writer.

London, Nov. 25.—Indian delegates to the Round-table Conference here to-day indulged in some plain speaking and were up in arms over a report that the government intended to limit the present constitutional advance in India to a grant of provincial autonomy without making the central government responsible to the Legislature.

Some predicted failure to grant self-government to India would be followed by Bolshevism and Communism, and it might be revolution. Mahatma Gandhi feared the slender threat of co-operation with the British nation might snap and that he should again

### Australia Is To Have Election In December

Scullin Government Defeated on Vote in House on Unemployment Relief Charges

Canberra, Australia, Nov. 25.—The Commonwealth Government to-day was defeated by five votes on a motion by J. A. Beasley, former Minister of Labor, to adjourn the House of Representatives.

Premier Scullin at once announced the government would resign and that an election would be held, probably in January. The vote on the motion for adjournment was 37 to 32.

Mr. Beasley made a complete denial of the charges and the Prime Minister declared he would neither grant a royal commission nor a select committee to conduct an inquiry into the charges.

Mr. Beasley then moved adjournment of the House.

"You can have your election now, and it is a mighty poor issue to fight

### Where Feeling Runs High During Japan-China Crisis

Tension is great in Tientsin while the League of Nations Council at Paris wrestles with the problem of restoring peace in Manchuria and there is danger of a major battle. Troops and police have been keeping guard since the riots some weeks ago. Above is a typical street scene in Tientsin.

### Financing of the Tolmie Government Is Scored By Pattullo and Manson

Province Must Turn to Liberals to Rescue It, They State in Addresses in Vancouver

"The (Tolmie) government founders from one position to another like a chicken with its head cut off, and, like the chicken, does not know where it is going," T. D. Pattullo, M.P.P., British Columbia Liberal leader, at yesterday evening's meeting of the Vancouver Liberal Association.

"If I am giving notice that these figures (cost of the road camps) will be asked for in the Legislature," Mr. Pattullo.

"The (Conservative administration) has fallen into disrepute quicker than any other administration in the history of British Columbia," A. M. Manson, M.P.P.

Vancouver, Nov. 25.—Addresses by T. D. Pattullo, leader of the Liberal party in British Columbia, and A. M. Manson, K.C., M.P.P. for Omineca and former Attorney-General, featured the annual meeting of the Vancouver Liberal Association yesterday evening.

Both speakers were highly critical of the financial record of the Tolmie administration and took occasion to speak vigorously in support of party government as opposed to any suggestion of a non-partisan administration for British Columbia.

**OFFICERS ELECTED**  
William Winram was unanimously elected president. Four vice-presidents are J. E. Hughes, Walter S. Owen, George Phillips and J. Backus. J. A. Grimmett and E. F. Davidson were unanimously re-elected secretary and treasurer respectively.

Greatest interest in the elections centered around the choosing of six representatives to the executive of the British Columbia Liberal Association. Successful candidates were: S. B. Brown, J. G. Turgeon, J. W. de Farris, K.C., Gordon Sloan, J. E. Thompson and J. A. Campbell.

### King Talks With Premier Bennett

London, Nov. 25.—Premier Bennett of Canada to-day was granted an audience by the King.

Mr. Bennett to-day abandoned his proposed trip to the South of France and announced he would remain in London for the rest of his stay abroad and that he would probably sail for Canada December 4.

### GAS TAX JUMP IS CONSIDERED CERTAIN IN B.C.

Lack of Government Assurance Against Increase Taken as Ominous Sign

Reluctance of the British Columbia cabinet to give definite assurances to the contrary to a protesting delegation yesterday were interpreted in many quarters to-day as substantiation of the report that an increase in the five-cent gasoline tax will be linked with an increase in the salary tax in the Jones budget next session.

Both the salary tax and the gasoline tax are reported to have produced less than estimated and discharges from other provinces lead to the belief that an increase in the gasoline tax will be general not only throughout the west, but in other provinces also. Forecasts are made that in British Columbia the gasoline tax will be increased to seven cents a gallon and the salary tax left the same on small salaries but increased on salaries of \$200 a month and over.

**AN OLD PROMISE**  
The consideration of the gasoline tax in relation to motor licenses promised to the delegation was the same promise as given when the gasoline tax was first mooted and on subsequent occasions when it was complained the reduction in other licenses promised when the tax was imposed had not been put into effect. It is an empty promise for the present or next year it is pointed out as license notices at the former rate have already been mailed to car owners in British Columbia, and for the budget to announce a reduction in the gasoline tax is an eventuality not even considered.

**REVENUE DOWN**  
All four western provinces now levy a gasoline tax of five cents a gallon and the tax in Ontario and Quebec is the same as the western provinces. Alberta derives the largest return from the tax at present, the net revenue during the last fiscal year amounting to \$1,931,602. Based on traffic in former years the British Columbia return from the present tax would yield \$1,800,000, but it is thought the return this year, owing to the depression, will fall below that figure.

### ST. LAWRENCE SCHEME STATED NOT NEEDED YET

Quebec, Nov. 25.—The project for international development of the St. Lawrence River was described as premature, too costly for Canada and of little need for this country in an address delivered before the Quebec Legislative Assembly to-day by Hon. Athanasius David, Provincial Secretary, speaking in his motion of November 13 in which he declared Quebec province does not believe the United States should use its money to develop natural resources which are purely Canadian.

### THOUSANDS OF STUDENTS IN CHINA RIOT

Throng Goes From Shanghai to Nanking, Demanding War Against Japan

8,000 Youths Travel From Shanghai; 5,000 From Other Stations Along Railway

Shanghai, Nov. 25.—Demanding a declaration of war against Japan, more than 8,000 Chinese students rioted here to-day, held up all railway traffic and wrecked the stationmaster's office until they were given five trains in which to go to Nanking, the capital.

At intervening stations they were joined by 5,000 more students. They also demanded China's withdrawal from the League of Nations and the execution of Chang Hsueh-liang, charging him with failure to resist the Japanese invasion of Manchuria.

### New York Diamond Dealer Robbed Of \$150,000 in Gems

New York, Nov. 25.—Gems valued in a preliminary estimate at \$150,000 were stolen by three bandits to-day in a holdup on Fifth Avenue. The victim of the robbery was Edward Berger, diamond dealer.

### More Candidates For Mayoralty Now Looming

W. H. Sargent May Seek Office of Chief Magistrate; Twenty in Council Contest; Meetings Planned

Interest was added to the mayoralty fight in the coming civic elections this morning when it was learned that W. H. Sargent, who has contested council seats in previous campaigns, was considering filing nomination papers for the office of chief magistrate. Mr. Sargent has not made his announcement yet, but his stand will be known in the next few days.

It is therefore practically assured that there will be more than four seeking the mayor's chair, although it is improbable Dr. Clem Davies will stand. Alderman R. T. Williams is still a possible candidate, however, and there are still expectations that one more majority aspirant will be in the field.

The aldermanic date again has twenty people in the fact that two independent candidates have already announced their intention to run. The result of an announcement by Walter Inward, former unsuccessful candidate, that he would stand. Mr. Inward is standing on a two-plank platform—reverted lands and the Oriental problem.

**GIVES PLATFORM**  
The School Board contest, with eight candidates contesting four seats, is also starting to draw interest. C. H. McMillan, the newest in the field, announced his policy as follows: Favoring technical education; elimination of home study as far as possible; to try and formulate a better training on evening technical courses; to have free entrance fees for students unemployed at evening schools and at all times to have the welfare of staff and students in mind.

The attention which the present contest has drawn among the public is signified in the fact that two independent voters' bodies have already invited candidates to come and speak to them. The Victoria West Brotherhood has selected next Tuesday, December 1, for a meeting at Stanley Hall, when all those seeking office are invited to speak. The Poul Bay Community Association, a newly-formed organization, will also hold an election meeting for candidates next week.

### Council Sends Telegrams From Paris Calling Attention of Japanese and Chinese Governments to Great Danger That Would Develop From Any Further Military Activity in Region of Southwestern Manchurian Town Where 50,000 Chinese Troops Are Massed

### HEADS CANADIAN TOURIST BUREAUS

GEORGE I. WARREN

Toronto, Nov. 25.—George I. Warren, Victoria and Island Publicity Bureau commissioner, was elected president of the Canadian Association of Tourist and Publicity Bureaus at the final session of the third annual convention here this morning.

New York, Nov. 25.—Indications that the nations represented at the League of Nations Council meeting in Paris were moving towards an agreement on a course of action were received by Secretary Stimson to-day from Ambassador Dawes.

**DAWES MAKES PROPOSAL**  
Paris, Nov. 25.—The League of Nations Council, meeting in private here this evening, was reported to be considering an important communication from United States Ambassador Charles G. Dawes regarding the dispute in Manchuria.

Gen. Dawes remained in his hotel, but it was indicated to inquire that the Council meeting was of great importance and might be the turning point in efforts to restore peace in the Far East.

**OBSERVERS SENT**  
Meanwhile the British Government notified the Council its military attaché at Nanking and other observers were being dispatched immediately to the Chinchow area, where Chinese reports said a Japanese attack was imminent.

The British also were arranging to send observers into the Taitshang-Anghant area.

**JAPANESE RESERVATION**  
Tokio, Nov. 25.—The Japanese Government to-day instructed Kenkichi Yoshizawa, its representative at Paris, to accept the League Council's Manchurian peace resolution with the single reservation, which was made at the eleventh hour.

The situation at Chinchow, which was reported here to be becoming gradually more threatening, prompted the reservation, which was made at the eleventh hour.

It applies to the portion of the League resolution which calls on the Japanese and Chinese governments to order their troops commanders to take no initiative which might result in loss of life or fighting.

It was stressed in authoritative circles that Japan's agreement to the other provisions of the resolution is a concession on its part, but that it was suspended.

**INSTITUTE OF MINING IN CONVENTION AT VANCOUVER**

Vancouver, Nov. 24.—Challenge to mining men of Canada to make their industry better known to the general public and to make their needs better known to governments by sending real mining men to the legislatures and Parliament was issued here to-day by Hon. W. A. Gordon, federal Minister of Mines and Immigration, in brief remarks at the annual western meeting of the Canadian Institute of Mining and Metallurgy and the Mining Association of British Columbia.

### League Calls On Tokio And Nanking To Ease Chinchow Battle Threat

Paris, Nov. 25.—The League of Nations Council to-night authorized the sending of a telegram to the governments at Tokio and Nanking, warning them against any military activity in the region of Chinchow, Manchuria, where a conflict appeared imminent.

This action came after the adjournment of a private session of the Council at which the Chinese and Japanese delegates were not present.

According to reports, the Chinese troops concentrated at Chinchow, in Southwestern Manchuria, total 50,000. The military authorities at Tokio were stated to declare the concentration a constant menace.

**U.S. DECLARATION**  
Paris, Nov. 25.—United States Ambassador Dawes, this evening announced his government approved the League of Nations Council resolution asking the Japanese to evacuate occupied areas in Manchuria as soon as conditions of security permit.

**STIMSON INFORMED**

## REPORTED JAPAN WANTS GEN. MAH AS GOVERNOR

Stated They Wish to Elevate Leader They Defeated in Manchuria

By Frank S. Oliver, Associated Press Correspondent

Mukden, Manchuria, Nov. 25.—Reliable reports from Harbin today said the Japanese had opened negotiations with Gen. Ma Chanshan, whose forces they routed in the Nouni River engagement, with a view to installing him as ruler of the province of Heilunkiang under Japanese influence.

His capital would be Taitshar, the city from which he retired in the face of the Japanese advance.

General Ma is recognized as the only Chinese commander of any note in Northern Manchuria, and the Japanese appreciate the tactical skill he showed in saving a Chinese army of 15,000 from a debacle in the Anganchi-Taitshar engagement.

It was believed the Japanese were planning a general advance aimed at forcing Chang Hsueh-liang's provincial government out of Chinchow inside the Great Wall and into China proper.

MOVE ALONG RAILWAY

To-day Japanese troops advanced a short way down the Peiping-Mukden Railway and a small force occupied Haimintun, while a battalion of reinforcements were sent from Mukden to Chulihuo.

They said they had taken this action because as a result of yesterday's fighting at Kaotian-shan, the Chinese "peace preservation corps" and the Chinese police had deserted Haimintun and the Japanese moved in "to maintain peace and order."

Mr. King said the object of the executive organization committee was to have a body less cumbersome than the national committee, which comprises approximately sixty members and will in future meet at least once a year and continue to exercise control in organization matters. The smaller committee will meet more frequently.

The national organization committee is expected to end its work this evening.

## CANTON LEADER EXPLAINS RECENT VISIT TO JAPAN

Associated Press

Hongkong, China, Nov. 25.—Eugene Chen, former Minister of Foreign Affairs in the Chinese Nationalist Government and now aligned with the insurgent Canton government, to-day denied any "dark purpose" had motivated his recent visit to Japan.

"I went to Japan," he said, "to secure information from Foreign Minister Shidehara regarding his government's real aim and policy in China, particularly Manchuria."

Continuing, Mr. Chen stated: "The Canton National Government desired this information in order to decide whether the time had come for the adoption of the policy which Dr. Sun Yat-sen, President of the Chinese Republic, with the foresight and vision of a great civilized mind, had pointed out as the way of peace and strength in China."

"I had no instruction nor authority to enter into any negotiations with Baron Shidehara, nor any other Japanese, nor did I attempt any negotiations."

## LEAGUE CALLS ON TOKIO AND NANKING TO EASE CHINCHOW BATTLE THREAT

(Continued From Page 1)

could not agree to hamper its military forces which, it insists, are endeavoring to "bring order out of chaos."

CHANG AND CHANG

Reports assembled in official circles said Chang Hsueh-liang was "burning with a desire for revenge against Japan," and that President Chiang Kai-shek was urging him to take definite action. Because of these reports, received from Tientsin, Peiping, and other centres, the government again called the attention of the League to the Chinchow situation, emphasizing its nearness to the south Manchurian railway as well as the Japanese forces guarding the railway and other interests.

DESTROYER AT CHINWANGTAO

A Japanese destroyer was sent yesterday from Port Arthur to Chinwangtao in case it should be needed to protect Japanese troops and interests at Shanhai-kwan, but the Navy Department said it had received no reports of the sailors landing.

JAPANESE CAPTURE TOWN

Peiping, Nov. 25.—Japanese troops captured the town of Shiao, fifty miles west of Mukden on the Peiping-Mukden Railway, this morning, disarming the Chinese police.

This information was contained in a brief dispatch from the civil governor of Chinchow to the headquarters of Gen. Chang Hsueh-liang, deposed Manchurian Governor.

CHAMPION CHINA'S CAUSE

Associated Press

Paris, Nov. 25.—Representatives of small nations in the League of Nations Council were reliably reported to-day to have assumed the role of champions of China in the Manchurian deliberations.

Speakers for certain smaller countries which were not identified were said to have accused the big powers of letting the League covenant go to pieces by their unwillingness to exercise the coercive measures it provides.

Ever since the League was formed, its covenant had been the bulwark of smaller states against aggression by larger powers, these spokesmen asserted, and if the Council should permit Japanese occupation of Manchuria to continue this bulwark would be destroyed.

Because of this new attitude, it was thought by most observers that the Council would not be able to obtain adoption of any Manchurian measure which does not provide for evacuation by the Japanese.

Instructions from Nanking to Dr. Alfred Sze, the Chinese member, GUARDS NEEDED

Associated Press

Washington, Nov. 25.—The United States Government is prepared to support a neutral commission of inquiry from many points without the consideration of the question of withdrawal of Japanese troops from areas outside the railway zone.

Reports to the State Department from official sources in the Far East have led Secretary of State Stimson to believe withdrawal of Japanese troops from many points without the consideration of the question of withdrawal of Japanese troops from areas outside the railway zone.

This government's attitude with regard to such a commission was expressed.

## Second Pantages Trial Jury Out

Associated Press

Los Angeles, Nov. 25.—For the second time in a little more than two years, the fate of Alexander Pantages, wealthy theatrical man, was in the hands of a jury to-day.

Facing a possible sentence of from one to five years in prison, if convicted on a charge of attacking Eunice Pringle, young dancer, Pantages heard the case delivered to the jury at 6 o'clock yesterday evening.

The present trial is the second for Pantages on the same charge. He was convicted in October, 1929, and sentenced from one to five years in prison. The State Supreme Court, however, granted him a new trial, ruling the trial judge had erred in failing to allow the defence to question Miss Pringle about episodes in her life.

## COMMITTEE OF LIBERALS IS APPOINTED

King States Dominion Organization Body of Fifteen Members Named

Canadian Press

Ottawa, Nov. 25.—Names of the members of the new executive organization committee of the Liberal Party will not be given out at present. Mr. H. W. L. Mackenzie King, Liberal leader, explained to-day that, while a committee had been appointed, provision had been made for substitutes to act.

As at present constituted, the committee has a membership of fifteen, of which nine are members of the National Liberal Organization Committee and six representatives of the National Federation of Liberal Women and the Twentieth Century Club.

Mr. King said the object of the executive organization committee was to have a body less cumbersome than the national committee, which comprises approximately sixty members and will in future meet at least once a year and continue to exercise control in organization matters. The smaller committee will meet more frequently.

The national organization committee is expected to end its work this evening.

## MOSCOW PAPERS TELL OF JAPAN BUFFER PLOT

Associated Press

Moscow, Nov. 25.—Charges of a Japanese "White" Russian plot to seize the Soviet-owned Chinese Eastern Railway in Manchuria and set up a buffer state in the Far East between Russia and Japan were printed by Moscow newspapers to-day, crediting reports from Peiping.

The reports said that "according to trustworthy information from Osaka, Japan," and official Japanese military mission had gone from Harbin to Mukden, Manchuria, to make a report to the Japanese command in Tokyo.

The plot was said to be "naturally" aimed at securing the railway, which is owned by Russia, but operated jointly by Russia and China.

tario, from which the mining industry buys quantities of produce, and when you begin to talk mining you will see them wrinkle up ready to shudder at the mention of a broker's office, yet each year the mining industry buys millions of dollars' worth of their products.

"To some extent the mining men themselves have been delinquent. They do not see their industry is represented in our legislative halls and in Ottawa by men who know mining operation."

## MARKETS NEEDED

"It is very true that governments do not destroy an industry, just as it is true that they can not make an industry. The best they can do is to introduce laws and regulations which the industry itself suggests—to help them to markets which they find. It lies with the industry itself to say whether it shall survive and be prosperous."

But occasional crises arise when decisions must be made and it is a challenge to you when I say I do not know of a representative in Ottawa who can tell the difference between a head form and a refinery.

"In conclusion let me pay a tribute to the industry. It has stood the test better than any other Canadian industry, basic or otherwise."

The convention sessions will continue to-morrow and Friday.

### EQUALITY BILL APPROVED BY BRITISH HOUSE

Westminster Statute Passed Through Committee Stage in Commons

By George Hambleton, Canadian Press Staff Writer

London, Nov. 25.—Equality within the British Empire came a step closer to being a legal fact when the House of Commons yesterday evening passed the Statute of Westminster Bill through the committee stage. By a vote of 350 to 80 the House—with the Laborites supporting the government—rejected an amendment from the "die-hard" element of the Conservative Party which sought to insert a new clause in the bill providing that nothing in the statute should be deemed to empower the Irish Free State Parliament to amend or repeal the Irish Treaty of 1922.

A dramatic touch was added when a letter was produced, written by President W. T. Cosgrave of the Irish Free State to Premier MacDonald. After expressing the sincerest hopes the British Government did not intend to accept the amendment affecting the Free State constitution, the letter continued:

"I need scarcely impress on you that the maintenance of the happy relations which now exist between our two countries is absolutely dependent on the continued acceptance by each of us of the faith of each other. . . . We have reiterated time and again that the treaty is an agreement which can be altered only by mutual consent. . . . There seems to be a mistaken view in some quarters that the solemnity of this instrument in our eyes would derive any additional strength through a parliamentary law. So far is this from being the truth that any attempt to erect a statute of the British Parliament into a safeguard to the treaty, would have quite the opposite effect here and rather would tend to give rise to doubts in the minds of our people as to the sanctity of that instrument."

THOMAS SPEAKS  
Rt. Hon. J. H. Thomas, Dominion Secretary, referred to Michael Collins and Arthur Griffiths as having given their lives for the cause of the treaty. "If," added Mr. Thomas, "you intend to insure the return of De Valera, carry this amendment. . . . It would insure not only the return of De Valera, but also that every Irishman who sacrificed so much in the defence of the treaty, would lose all."

Immediately after the Cosgrave letter was read, Sir Austen Chamberlain said that in view of the Free State President's declaration, he was prepared to support the bill.

Mr. William Davidson, Conservative, could not see why the Irish Free State should be more touchy than Canada. All the amendment sought was to apply to the Free State the same provisions as applied to the British North America Act.

CHURCHILL'S VIEWS  
Rt. Hon. Winston Churchill was emphatic that his objections to the bill in its present form in no respect had been mitigated. "While we pay every respect to the views of the Dominions," Mr. Churchill said, "and are anxious to defer to their desires, yet the Mother Country sometimes must have a view and a point of view of its own. I do not see," Mr. Churchill added, "why we should be censured because we refuse to abandon all pretensions."

Bitter protest by Joseph Devlin against the amendment brought forth memories of the old Irish Nationalist days. He is one of the few remaining followers of Redmond. He heatedly described the amendment as an insult to Ireland.

### INQUEST FOLLOWS OTTAWA DEATH

Canadian Press

Ottawa, Nov. 25.—Fatally injured by a revolver bullet, Jack Horwitz, thirty-three, died early to-day and Ben E. Edelson, forty, was arrested, charged with murder. Horwitz was a jeweler and the shooting took place in one of his stores yesterday evening. Police were not advised until shortly before the death of Horwitz. Edelson, arrested shortly after at his home, refused to talk.

Horwitz, Edelson and the latter's wife were present when a doctor was called. Rushed to a hospital, Horwitz was given a blood transfusion in an attempt to save his life. He dictated a will to Sam Berger, his solicitor, and, according to the latter, stated he had been examining a revolver, which discharged, the bullet entering his side. An inquest was opened this morning and adjourned.

### MURDER VERDICT

Los Angeles, Nov. 25.—Edward Nolan, former police lieutenant, was convicted by a jury yesterday evening of murdering Mrs. Grace Murphy Duncan in a jealous rage. The jury recommended life imprisonment. Superior Judge Marshall McComb set Friday for sentence. Nolan, while a member of the police force, beat Mrs. Duncan to death when he found her at a party in a hotel. He claimed he was so intoxicated he knew nothing of the attack.

### Police Search For Missing Alberta Hunter

Canadian Press

Calgary, Nov. 25.—Members of the Alberta provincial police to-day left Edmonton to search for Robert Warner, thirty-year-old Staveland, Alta., resident, lost for nearly two weeks in the wild country northwest of Edmonton. Warner was lost on a hunting expedition when he became separated from his father-in-law, James O'Keefe, and two other men.

Edmonton is about 120 miles west of Calgary on the Canadian National Railway. O'Keefe and the two other men searched the countryside for Warner after they had heard rifle shots, a signal they had agreed on if one of them should become lost. The party found no trace of Warner and to-day police started scouring the rugged territory for the missing man.

The police plans included searches along the numerous trappers' lines in the Grande Prairie trail region in the hope he had taken refuge in a trapper's cabin. Warner carried a supply of food, but trappers doubt he could survive through the last few days of snow and bitter cold unless he found shelter.

### WORLD GRAIN EXHIBITION SET FOR JULY, 1933

Canadian Press

Toronto, Nov. 25.—Meeting here yesterday the national committee of the World Grain Exhibition and Conference to be held in Regina, adopted July 24 to August 1, 1933 as the dates for the event. The committee heard the optimistic report of J. A. Mooney, managing director of the exhibition, and adopted the principal statement for the year.

It was reported all the countries, states and provinces which had arranged to take part in the exhibition when the date was originally set for 1932 had signified their intention of participation in 1933. Rice from the Philippines is already stored in Regina awaiting the exhibition, and an exhibit of wheat from India, central India, is on its way. Fifty or sixty of the world's greatest grain experts have agreed to give addresses at the conference.

PROGRESS REPORTED  
"The experience gained by some of the provinces during the last two years and the excellent progress made should be an incentive to greater things in the future," said Mr. Mooney. He suggested every advantage be taken of the extra year for preparation, so that Canada would occupy, at the exhibition of 1933, the position that the quality of her agricultural products merited. He said the exhibition organization had played an important part in giving assistance to the agricultural industry of Canadians.

A. E. Whitmore, president and president of the executive and finance committee. Among those who attended the meeting were Hon. George Hoadley, Minister of Agriculture, and Hon. C. S. Sturges, Minister of Agriculture of Prince Edward Island, and Dr. J. H. Griesdale, Deputy Minister of Agriculture of Canada. Most of the provinces were represented at the meeting by one or more officers from their agricultural departments.

### Mexico Teachers On Salary Protest Freed From Jail

Associated Press

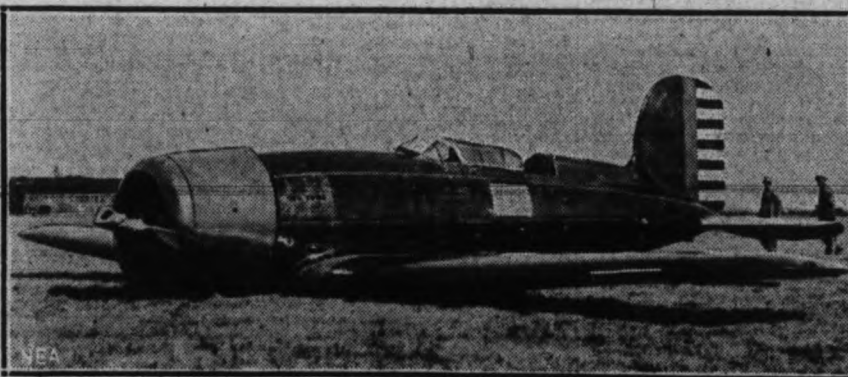

Mexico City, Nov. 25.—The President and the Ministries of the Interior and Education to-day came to the aid of the 150 school teachers arrested in San Luis Potosi, but the fate of about fifty of them still remained somewhat vague.

President Ortiz Rubio said he had taken the matter up directly with Governor Turrubiates of San Luis Potosi, where the teachers were arrested when they planned to protest salary suspensions. Manuel C. Teller, Secretary of the Interior, likewise wired the governor for information, requesting constitutional guarantees for the teachers.

The teachers' federation here, however, said that in spite of these efforts the teachers' situation was precarious and that the teachers who were removed from the penitentiary yesterday morning were still missing.

The federation said it had reports Alberto Guerrero, one of the teachers, had been killed and two others gravely wounded. The trouble originated a few months ago with suspension of salary payments to teachers. A month ago a hunger strike was declared, but failed to last long. Last Sunday the teachers declared their intention to march overland to Mexico City to protest their case and they were arrested shortly thereafter.

### FLAT AS A PANCAKE

Appearing here like a huge bird at rest, this airplane—with a retractable landing gear that would not unfold when the pilot tried to land—gave Assistant Secretary of War F. Trubee Davidson a narrow escape from injury. Though the plane was damaged when it came to earth at Mitchell Field, Long Island, neither Davidson nor the pilot was hurt. The landing gear was reported to have jammed while the craft was in flight and the fliers were faced with the problem of faking to their parachutes or landing on the body of the plane. They landed, the plane skidding fifty feet.

### BOMB DANGER GROWS IN INDIA

Marquis of Lothian Tells British House of Lords Officers Fear For Lives

Associated Press

London, Nov. 25.—Information received here to-day from India said the situation there was grave following indications the Round-Table Conference here will probably end this week without a settlement satisfactory to the Nationalists.

The situation in Bengal is said to be especially critical and the Marquis of Lothian, Under-Secretary of State for India, declared in the House of Lords that in some Bengal districts every British officer was doing his duty in "deadly terror of his life." The menace of bomb throwers, it is reported, has recently become so great that Lord Willingdon, Viceroy of India, now travels in airplanes instead of by train.

"Draconic action must be taken to end this menace to liberty and social peace," the Marquis of Lothian warned the Lords in grave tones. A resolute suppression of terrorism is imperatively necessary. It is the government's duty to protect the lives of its own servants and others, and it is no less its duty to prevent a body of men from defying the course of political progress by bringing not reason and argument, but terrorism and assassination to bear. The situation is one of extreme gravity. . . . "Coincident with the Under-Secretary's warning fourteen Indian delegates to the conference issued a statement saying the mere granting of provincial autonomy to India would not be accepted. . . . "It would only give rise," they said, "to a situation of great instability and peril which should be avoided in the interests both of England and India. If such a step is taken the government must bear full and sole responsibility."

### B.C. AND NOVA SCOTIA EXTEND FUEL MARKET

Canadian Press

Ottawa, Nov. 25.—Results of widespread and exhaustive tests of Nova Scotia and British Columbia bituminous coal indicate the feasibility of replacing with the Canadian product a large tonnage of United States coal at present utilized, according to John McLeish, director of the mines branch of the Dominion Government. Mr. McLeish has just returned from the conference on bituminous coal held in Pittsburgh, Pa., last week.

This subject received considerable attention from the Canadian delegates to the conference and the committee had the benefit of expert tests of representative samples of British Columbia and Nova Scotia soft coal. The tests were carried out in the low temperature carbonization retorts of the Hiltop Company in Pontypool, Wales, in the experimental laboratories of the Research Council in Ottawa and in the retorts of the Winnipeg Electric Company and of the Montreal Coke Manufacturing Company.

CHANGES ALREADY SEEN  
All tests showed a highly satisfactory domestic fuel could be produced in this manner. It was stated by Mr. McLeish, in this connection, that already about 60 per cent of the total coal requirements of the Winnipeg Electric Company were being obtained from British Columbia. The Montreal Company was trying out a large quantity of Nova Scotia coal.

The sessions in Pittsburgh also gave attention to the hydrogenation and liquefaction of coal. Mr. McLeish said the Research Council had for some time been engaging services of an engineer on small scale tests of the application of commercial high pressure hydrogenation technology to crude shale-oil, bitumen from bituminous sands, and low temperature coal tar oils of Canadian origin. It had already been proved, he said, that it was possible to produce motor fuel and gasoline from those substances.

### Thomas to Urge Tariff Reductions

Associated Press

London, Nov. 25.—Rt. Hon. J. H. Thomas, Secretary of State for the Dominions, yesterday told the House of Commons that on his forthcoming tour he hoped to place before the governments of the Dominions proposals which would induce them to lower their tariffs against British goods.

Premier MacDonald, in reply to a question, and the government was giving careful consideration to the development of intra-empire trade and that it was busy collecting necessary information.

### FINANCE BILL IS PASSED IN SOUTH AFRICA

Associated Press

Capetown, S.A., Nov. 25.—The emergency finance bill to enable South Africa to remain on the gold standard to-day was carried in the House of Assembly by a majority of twenty-five votes. The vote was seventy-eight to fifty-three for the measure.

Winding up debate on the bill, which encountered strong opposition both in the Assembly and outside, Finance Minister H. C. Havenga admitted the primary producers were in a serious situation, but contended the condition was temporary and would not justify abandonment of the gold standard. He cited the similar experience of Australia.

The government is planning to introduce a new gold coin of 113 grains of fine metal to replace the British pound sterling, which is the existing form of currency.

### JUNEAU LAWYER GOES TO JAIL

Associated Press

Juneau, Alaska, Nov. 25.—Refusing to pay a 200 fine imposed for contempt of court by Federal Judge Justin Harding, Henry Roden, pioneer Juneau attorney, entered the federal jail here yesterday on an order from Judge Harding committing him to prison until he pays the fine or serves it out. Roden was cited for contempt several weeks ago when he called a witness a liar and refused to apologize to the witness although he did to the court. Judge Harding asked him to apologize to both. Friends in southeast Alaska were raising a fund to pay the fine.

## TODD TO HEAD WARD LIBERALS

W. D. Todd Elected President of Ward Three Liberal Association

Special Speaker and Entertainment at Rally on Dec. 11

W. D. Todd was unanimously elected president of the Ward Three Liberal Association yesterday evening at the annual meeting, held at the Liberal headquarters, with A. Knowles, president, in the chair. Philip McDonald was re-elected vice-president and E. O. Weston and J. Wallace were respectively re-elected as secretary and treasurer. Delegates to the central executive of the Victoria Liberal Association will be Mrs. H. Crocker, Charles Ashorn, Mrs. A. E. Harrison and A. Knowles, immediate past president. All officers were accorded acclamations.

The regular meetings were changed to the second and fourth Fridays in each month. The next gathering to be held on December 11, will be a big ward rally and will be featured by a special speaker and a programme of entertainment, to be arranged by a social committee, of which Mrs. Crocker was appointed organizer and convener.

President Todd believed that Liberals of Victoria should become aware that a provincial election could not be long delayed. It was essential the party should immediately prepare for the struggle. He believed that the voters would elect the sitting government as soon as they were given the opportunity.

Mr. Ashorn asserted that Ward Three should be able to register 2,000 Liberal votes in the next election if the party was well organized. Thomas Hicks said the ward had been a stronghold of Liberalism some years ago and the time was ripe to recover that standing.

**HAS LUMBER EXPERT**  
The president assured the meeting that he could provide an outstanding speaker for the December meeting. "This man is familiar with many peculiar things now going on in the timber and lumbering industry. He is a skilful speaker and can tell of lots of queer things happening to-day," Mr. Todd said.

From the floor it was advised that over the international boundary to enable Washington timber owners to conserve their resources. There are lumber exports from Gray's Harbor ports, destined to Empire ports, which are being branded to indicate the timber is to be entitled to preference accorded Canadian lumber," he asserted.

From the floor it was advised that efforts should also be made to obtain a speaker familiar with the unemployment problem and the manner it has been used for the advantage of party supporters. "Workless city men get little of the work in these talk-of-camps. Farmers get most of the jobs. There is a work camp at the Malahat. That place has bath with hot and cold water. There is another like it near Sooke. Both are shut down now. Liberals would flock here in hundreds to hear the facts as to what those people over James Bay have been doing regarding this unemployment problem," the speaker asserted.

**Island Development Association Meets**

Salt Spring Island Plans to Establish Produce Stall in Victoria Market

Ganges, Nov. 25.—The quarterly general meeting of the Salt Spring Island Development Association was held in the Puffinbluff Hall with Norman Wilson in the chair. The board of directors reported on several matters of interest to island residents, including telephone service hours, better postal service to the south end and right of way to various lakes. Capt. M. P. Macintosh put forward a scheme for farmers to form a game bird club, and to co-operate in the raising of pheasants on their properties for the purpose of inducing hunters to come to the island for the shooting, these hunters to pay a fee for the privilege of shooting, the fees so collected to be divided among the farmers. Capt. Macintosh and W. Y. Stewart will go further into the matter with the farmers at the south end of the island.

The possibilities of establishing a Salt Spring Island produce stall in the Victoria Public Market were discussed and all necessary information regarding will be gathered as early as possible with a view of putting this into effect.

It was recommended that the owners of property around the many lakes on the island be induced to have boats for hire for the convenience of fishermen.

The next quarterly general meeting will be held at Ganges in February, 1932, and in the meantime the board of directors will handle all items that are of benefit to the island that are brought to their attention.

**Salt Spring**

Ganges, Nov. 25.—A military whist drive and dance was held in the Institute Hall at Puffinbluff Friday evening. The affair was organized by the Misses Iris Vye and Irene Moses to raise funds for the children's Christmas tree and entertainment. There were seventeen tables in play. First prizes going to Mr. and Mrs. West, Miss Kay Dane and J. Akerman at table eight with eighteen flags. The second prizes were won by Mr. and Mrs. P. G. Mollett, Mrs. Maxwell and F. Aske at table seven with fifteen flags; consolation prizes going to the Misses Ena Bee and Violet Hamilton and Claude Hamilton at table five with three flags. After supper the floor was cleared for dancing.

Mrs. Dohmann, who had been spending a few weeks at Puffinbluff Harbor with her daughter, Mrs. Arthur Byng, has returned to Victoria.

Mrs. J. McLennan, accompanied by her brother, R. McLennan, of Puffinbluff, recently spent a few days in Vancouver.

Miss Susie Thompson of Burgoyne Valley is spending a few weeks with Mr. and Mrs. John Reid at "Bordland," Booths Canal.

Mr. Phillips, who, on his launch The Western Girl, is making a trip around the Gulf Islands, is spending a week

or two in Puffinbluff Harbor. At the dinner given at Harbor House by the Salt Spring Island branch of the Canadian Legion, comrades from the adjacent islands attended the invitation of President Macgregor Macintosh. Among them being Comrades W. Miller Higgs, J. Hume, W. Gilmour, D. A. New, D. Bellhouse, G. W. George, and V. Zala from Galiano Island. Comrade L. Houlgate from Mayne Island, Comrades Guy Boyer, H. Scott and G. Bridge from Port Washington. Among those from the island who were present were V. Case Morris, F. Speed, F. L. Crofton, L. Simpson, Ian Halley, G. Borradaile, F. Sweetman, A. G. Crofton, P. E. Lowther, W. Y. Stewart, A. J. Eaton and R. Price.

Miss Dorothy Akerman of Burgoyne Valley has left for Vancouver, where she will be the guest of friends. Mrs. A. J. Smith of Ganges was a visitor in Victoria this week.

Ganges, Nov. 25.—The Salt Spring Island branch of the W.A. to the Church of England in Canada held their annual meeting Friday afternoon, the President, Mrs. Moorhouse, presiding.

The treasurer, Mrs. G. B. Young, reported that the sum of \$18.25, proceeds of the recent whist party, had been forwarded to the Columbia West Coast Mission fund for Christmas cheer. Contents of the Thanksgiving boxes have been forwarded to the diocesan branch, Victoria. The retiring officers, on the proposal of Mrs. Robinson, seconded by Mrs. E. Walter, were re-elected as follows: President, Mrs. E. Moorhouse; vice-president, Mrs. D. Simon; secretary, Mrs. H. Johnson; treasurer, Mrs. G. B. Young; thank-offering secretary, Mrs. S. P. Beech.

The Guild of Sunshine held their usual monthly meeting here on Saturday afternoon with the president, Mrs. G. J. Mount, in the chair. It was decided to hold the next meeting on December 12 instead of December 19, and to hold a sale of home cooking to augment the Christmas cheer fund.

The tea hostesses were: Mrs. H. Moon and Mrs. Walter Norton.

Miss Florence Eagle of Duncan has been a guest of Mr. and Mrs. A. G. Crofton at Harbor House.

Douglas Hamilton of Bannerton arrived at Ganges Saturday to spend several days with relatives.

Miss Diana Crofton after visiting in Victoria has returned to Ganges.

**Jordan River**

Mr. and Mrs. C. Lindner of Port Renfrew, after visiting Jordan River, returned to Victoria on Saturday, accompanied by Mrs. R. G. Gordon.

Mrs. H. O. Rough and children last week visited Mr. and Mrs. Wm. Stubbs, Ralph Street, Saanich.

A badminton tournament and dance will be held in Jordan River on Saturday evening, the opposing players being J.B.A.A. Victoria.

## EXPANSION OF UNIVERSE TOLD

General Belief Nebulae Are Moving Aay, Astronomical Society Hears

Philip H. Hughes Elected New President to Succeed Dr. C. S. Beals

Philip H. Hughes, who has been secretary-treasurer of the Victoria Centre of the Royal Astronomical Society of Canada, was elected president of the association for the ensuing season at the annual meeting in Victoria College yesterday evening. He will succeed Dr. C. S. Beals of the Dominion Astrophysical Observatory staff, who rounded off his second term of office yesterday by dispensing with the usual farewell review of the year's activities and giving a brilliantly conceived address on "Distant Universes."

Other officers will be Dr. J. A. Pearce, honorary president; N. C. Stewart, first vice-president; Capt. J. N. Hughes, Cobble Hill, second vice-president; W. T. Bridge, librarian; H. Boyd Brydon, secretary-treasurer; and John Dean, Rev. J. Goodfellow, Charles Hartley, J. P. Hibben and Dr. Frank Hogg, councillors.

Reports were heard from Mr. Hughes and Mr. Bridge as retiring secretary-treasurer and librarian, respectively, while Mr. Hughes and Dr. Pearce gave short talks, thanking the society for its choice. Mr. Brydon moved a hearty vote of thanks to the press for the manner in which it had supported the society during the year.

In his address on "Distant Universes," Dr. Beals touched upon some of the latest concepts, such as those of Einstein, de Sitter, Edington and Lemaitre. Careful studies by astronomers had shown that the milky way system of which the earth is a part, was an island in space whose isolation may be compared to that of an island in the ocean, the outer parts revolving more slowly than the inner. The diameter of the galaxy was 240,000 light years and its thickness 20,000 light years.

**MANY OTHER SYSTEMS**

any size was the beautiful Andromeda spiral, visible as a naked eye object in the constellation that bears its name. It was believed that some 30,000,000 to 100,000,000 similar objects were visible in the largest telescopes. Studies of the distance of the nebulae have shown that they were approximately uniform in distribution and extended outward from the earth's galactic system for a distance of at least 100,000,000 light years. It was probable that they extended far beyond this distance but the figure quoted represented the limit of existing instrumental power.

The velocities of the nebulae as determined by the spectroscopic showed that these bodies were all receding from the earth's galaxy, some at nearly 20,000 miles a second. Their velocities were proportional to their distances from it. This suggested an expanding universe.

It was of interest to discover, Dr. Beals continued, that de Sitter, in 1917, before the velocities of the spirals were known, had predicted on the basis of the theory of relativity that the universe should be expanding at about the rate that had actually been observed. Recent work by Edington and Lemaitre had confirmed the general idea advanced by de Sitter, and many scientists now believed that the universe was expanding and that eventually many objects now visible would be lost to view in the distance.

It appeared that the time required for the expansion to proceed so far that the immediate neighborhood of the earth's galactic system would be empty of nebulae, was very small relative to what was believed to be the average age of the stars. This raised the question whether current theories on stellar evolution were correct. Even the time necessary for the evolution of life on the earth would become uncomfortably limited if the ideas of Edington on the expansion of the universe were correct. This difficulty was not necessary fatal, however, as the evolution of the stars might have begun long before the universe started to expand.

A double-header game in the basketball series will feature Saturday evening's programme for the Athletic Club in Luxton Hall. The games scheduled are the Colwood boys' intermediates against the Luxton intermediates, and the visiting girls' team will be the Royal Oak Scottish. Dancing will follow and refreshments will be served.

**Put It Up To Yourself** Before refusing more life insurance—or reducing what you already have—ask yourself: Will my action mean hardship for my family if I die? Will payment of this premium cause them as great hardship now?

## "Once more and I'm through"

"YOU'VE disgraced me for the last time! I'm sick and tired of going out in the evening with you when you haven't shaved since morning. How you think you can get away with it is beyond me. You don't fool anyone but yourself by dabbing a little powder on your face. There wasn't another man at the party with a dirty growth of stubble. I don't care if it is a nuisance to shave. What if your beard is tough and your skin tender! There must be something wrong with the way you shave. I'm sure there's a razor blade that will remove your whiskers without hurting your face, and it's up to you to find it."

How much domestic discord can be traced to scenes like this? We might as well admit a growth of stubble is repulsive to most women—wives, sweethearts, mothers and all. By shaving carefully once and often twice a day, we help to hold or win the respect and affection of friends and family. A short time ago shaving was a task many men liked to avoid. Today Gillette is offering a razor blade of remarkable quality that shears stubborn beard cleanly and smoothly. Your razor glides so easily you scarcely know you're shaving. Try this remarkable new Gillette blade on our money-back guarantee. Use a blade or two. If every shave isn't far more comfortable than any you have ever experienced, return the package to your dealer and he will refund the price.

## Warm Room Warm Results!

A satisfied advertiser ran an ad to rent her spare room . . . she told all about her room in the ad . . . How it had steam heat . . . and that's just what the young man wanted . . . a warm room. She rented it and started the rent money coming in. You, too, can rent your room, if you tell The Times readers all about it in the Rental columns. Just Call E 4175. Yes, you can charge it.

## Fellowship Club Entertains Aged Hospital Patients

The Fellowship Club entertained the patients of the two wards for aged and infirm men and women at the Jubilee Hospital yesterday afternoon on the occasion of the monthly tea. Dainty refreshments were served and a musical programme included numbers by Mrs. Bosworth, Mrs. Thornborough, Mrs. Griffin, Mrs. Shrimpton and Mrs. Davidson, the patients joining in the community singing which is always a popular feature.

The club has been holding these monthly teas and distributing fruit and tobacco weekly to these aged and infirm patients since 1926. The little band of energetic women who comprise the club provide the monthly teas out of their own pockets, and raise funds for the weekly gifts by means of card games. To raise funds for Christmas cheer for the aged patients the club will hold a card party next Tuesday evening at the home of Mrs. Farnthorpe, 926 Fort Street, where anyone interested in the object will be cordially welcomed.

## Naval Wedding At St. Aidan's Pretty Affair

St. Aidan's Church was the scene of a pretty wedding on Monday evening, November 16, when Edith, daughter of Mr. and Mrs. Ernest Price, of 1883 Neil Street, became the bride of Bernard Jennings of H.M.C.S. Skeena. The church had been attractively decorated for the ceremony by Mrs. Lindsay and Mrs. Merritt, and as the bride entered the church Mr. P. H. Hughes played the wedding march.

Given in marriage by her father, the youthful bride was attractive in her gown of ivory tulle, trimmed with white fur with which she wore a hat of white velvet, and carried a bouquet of red roses and carnations. Miss Betty Carter, the only bridesmaid, was gown in yacht blue satin crepe, with hat to match. Mr. B. W. McIntosh of Vancouver was best man. As the bridal party left the church the following members of the Rainbow Sea Cadets formed a guard of honor: Masters Elba Canavan, John Emery, Raymond Price, Wilfred Smith, Norman Brown, Ted Hall and Roger Fielding.

Among the guests at the reception were: Mrs. G. Player, Mrs. E. Brassett, Mrs. H. Willet, Miss B. Carter, Miss D. Morrow, Miss L. Blythe, Mr. and Mrs. G. Archer, Mr. and Mrs. C. Walcott, Mr. and Mrs. H. Cotton, Mrs. Lindsay, Mrs. Merritt, Mr. and Mrs. G. Clifford, Mr. and Mrs. E. R. Price, Mr. J. Soper, Plymouth, Eng.; W. S. Sells, London, Eng.; G. Call, Alberta; P. H. Hughes, Victoria; L. R. Mason, Alberta and A. Jackson.

The bridegroom's gift to the bride-maid was a silver ring, and to the best man a silver cigarette case. The young couple received many beautiful wedding gifts.

First United Church Tea.—The Women's Guild of the First United Church have invited the members of the congregation to a guest tea to be held on Saturday afternoon at 3 o'clock at the church hall.

## PIONEER WOMAN OF ENGINEER DAYS IS DEAD

Late Mrs. Fanny Haynes Arrived With R. E. Sappers' Party in 1859

Member of Seceding Faction Which Followed Bishop Cridge From Cathedral

Mrs. Fanny Haynes, who came with her late husband, William Haynes, to British Columbia in 1859 with the Royal Engineers, passed away quietly in her sleep yesterday evening at her home, 1008 Pakenham street, her death making another gap in the ranks of this city's fast-dwindling band of pioneers. The funeral will be held from Haywards' B.C. Funeral Chapel on Friday afternoon at 2:15 o'clock, proceeding to the Church of Our Lord, Reformed Episcopal, where services will be held at 2:30 o'clock.

Mrs. Haynes was born in Gillingham, Kent, in 1840, the second daughter of the late Capt. Benjamin Miller. At the early age of sixteen she was married to William Haynes of the Royal Engineers, and when he was assigned for duty with the party of sappers detailed to construct a railway to Victoria about the second week in December.

## FRIENDLY HELP ASK "ADOPTION" OF NEEDY POOR

Suggestion Made That Fortunate Citizens Send Hampers to Others at Christmas

With the approach of Christmas, the Friendly Help Association is becoming anxious about the hampers which it annually distributes to poor and needy families, for whom, particularly this year, the festive season would have but a hollow meaning were it not for this assistance.

The funds of the association have been seriously depleted. October's expenditure alone amounted to \$5,000, and as there are approximately 400 families on the association's lists they are appealing to more fortunate citizens to help by "adopting" one or more families for the time being and seeing that these needy cases receive a hamper. The names of such families may be obtained from the Friendly Help Association.

The executive feel confident that Victoria will respond to this appeal with its customary generosity. The approximate cost of a hamper for an average family is \$5.

Full particulars in connection with this appeal may be obtained from the association, G. 7111, or from the city representatives on the Friendly Help Association, Alderman James Adam, E. 1174, or Alderman R. Smith, E. 9123.

Miss Audrey Cook of Montreal, sister of the Countess of Miramichi, who is visiting in Victoria, will give a violin recital at the Empress Hotel on Friday evening, December 18. Miss Cook, who has studied with such masters as Professor Oscar Sebek, Maurice Hewitt, and Sasha Culbertson, has won approval from a critical press in London, Paris, and Brussels, where she has given a number of public appearances. Her repertoire includes the works of Liszt, Chopin, and Debussy.

Mr. and Mrs. Boyd, West Fourteenth, Vancouver, entertained recently in honor of the birthday of their daughter, Mrs. Gertrude Wood of Victoria, who is at present visiting in the mainland city. Yellow chrysanthemums and other autumn flowers were used to decorate the rooms, where games, singing and dancing were enjoyed. Mr. Richard Boyd, who is in charge of the piano selections and a buffet supper was served. Among the many out-of-town guests present were Dr. and Mrs. L. M. Boyd, Seattle, Wash., Mrs. Lorne Gerrard of Seattle, Wash., Miss Bertram Smythe and Mr. Kenneth Colvin of Portland, Ore., Mrs. Vera Tait of Victoria, and Mrs. Georgina Dempster of Victoria.

Of much interest to local friends which took place in Toronto on October 21 of Walter William, youngest son of the late Mr. and Mrs. W. H. Walsh of Victoria, to Beth, only daughter of Mr. and Mrs. J. H. McGeorge of Beach Avenue, Vancouver. The marriage was solemnized in the Glenview Presbyterian Church at 8 o'clock in the evening and after the ceremony a reception was held at the young couple's home at 1010 Glenview street.

On the day of the ceremony the young couple were guests of honor at a luncheon party given by Mrs. W. D. Thompson at the King Hotel. Mr. and Mrs. Walsh will make their home in Toronto, where the bridegroom is connected with the Sonora Corporation of Canada.

## SOCIAL, PERSONAL AND HOME INTERESTS

SO CRIPPLED BY  
RHEUMATISM  
HE HAD TO GO  
UPSTAIRS ON HIS  
KNEES

T-R-C's got him out of bed  
and back to work

is a most interesting letter from  
Mr. John McChes, Toronto, Ont. He  
says: "About 12 years or so ago I had  
an attack of Rheumatism and Sciatica.  
My feet and legs were so sore and stiff  
I had to go upstairs on my knees at  
night."

Fortunately I heard about T-R-C's and  
tried to try them. They got rid of  
the pain for me and got me out of bed  
and back to work. Not long before  
Christmas, 1929, the rheumatism settled  
the small of my back and were very  
unpleasant. This time a \$1 box of  
T-R-C's was sufficient to make me en-  
tirely better. A friend of mine in Scot-  
land has been using T-R-C's with won-  
derful results."

Deep-rooted, stubborn cases of Rheuma-  
tism require patient and correct use of  
T-R-C's for a reasonable length of time;  
if you are sure of relief if you persist  
with T-R-C's. Repeatedly they have  
even safely relieved from Acute  
rheumatic suffering; also from Sciatica,  
stabbing pain in hip and thigh,  
neuritis, Neuralgia and Lumbago (Lame-  
back). No harmful or habit-forming  
drugs.

T-R-C's do this—enter the blood stream  
and help your body throw off the misery-  
causing poisons which have accumulated  
in your blood. When these go, health  
and happiness return. T-R-C's are 50c  
and \$1 per box at your dealer's.

You owe it to yourself to try  
T-R-C's

COCKTAIL DRESS  
LATEST CRAZE

New Gown First Cousin to  
Evening and Afternoon  
Frocks

Chicago, Nov. 25.—And now comes  
the "cocktail dress," which is to say  
that it is the answer to that femi-  
nine wail of "What to wear" during  
the hours shading from daylight to  
dark.

In relation to the rest of the femi-  
nine wardrobe, the "cocktail dress" is  
a first cousin to both the evening  
gown and the afternoon dress. As  
described by smart shops it is the  
"formal informal" frock that can stop  
for tea—or what have you—and go  
right on through the evening to din-  
ner, the theatre or bridge.

The same materials are employed in  
these dresses as are used in evening  
and afternoon garments—velvets,  
satins, semi-satins, bright crepes,  
metal cloth and combinations of  
materials. The colors are gayer than  
strictly afternoon, but more subdued  
than for formal later hours. There is  
an impression of youthfulness, daring  
—cocktail.

Local Musicians  
In New Orchestra  
To Make Bow Soon

The Victoria Philharmonic Orches-  
tra, giving its initial performance  
Tuesday, December 1, at the Royal Vi-  
ctoria Theatre, is composed of Victoria  
musicians entirely, and includes some  
sixty players in all. Under the leader-  
ship of Alfred Prescott the orchestra  
has been in existence for three months,  
and has worked hard in the interim,  
preparing for this, the first public ap-  
pearance.

The tremendous ovation accorded re-  
cent musical programmes in the city  
has proved beyond all doubt the ap-  
preciation Victoria audiences show  
toward really good music, and this fact  
has encouraged the members of the  
Philharmonic Orchestra to even  
greater effort. This is the most am-  
bitious musical undertaking ever ven-  
tured upon in Victoria, and if the  
support deserved is forthcoming this  
may be the first of a series of similar  
programmes.

## PERSONAL

Mrs. Albert Sabiston, nee Parsons,  
will receive for the first time since her  
marriage on Saturday afternoon from  
3 to 6 o'clock at 1220 Mackenzie Street.

Mr. John Hoie, Provincial Librarian,  
will leave to-day for Vancouver to  
speak at the annual meeting of the  
Mining Association of B.C. to-morrow.

Mr. and Mrs. Thomas Bamford, 210  
Governor Street, announce the  
marriage at Santa Barbara, California,  
of their youngest son, Griffith Blair  
Bamford, to Margaret Virginia Elwell,  
eldest daughter of Mr. and Mrs. Leo  
Elwell of Ventura, California.

A successful tea and sale of work  
was held on Saturday by the Min-  
istering Circle of King's Daughters.  
Mrs. R. A. Watson, welcomed the  
guests. Those in charge of the vari-  
ous tables were: Christmas novelties, Mrs.  
R. A. Watson, Mrs. Sharp; fancy work,  
Mrs. W. McElrath, Mrs. Harvey; home-  
cooking, Mrs. Brown; Mrs. Brown;  
superfluities, Mrs. Lloyd; afternoon tea,  
Mrs. Brumpton, Mrs. Percy, Miss Gill,  
Mrs. Abbot, Miss K. Brown and Miss  
A. Sharp.

A very quiet but pretty wedding took  
place Wednesday morning, November  
25, at the parsonage, when Rev. James  
Hood united in marriage Margaret F.,  
second daughter of Mr. and Mrs. R.  
Young of Cumberland, B.C., to Robert  
G., youngest son of Mr. and Mrs. James  
G. Brown of Cumberland. The bride  
looked charming in her going-away  
dress of brown crepe-back satin, with  
brown coat trimmed with muskrat,  
brown hat and shoes. She wore a cor-  
sage bouquet of Ophelia roses and car-  
nations. The bride and groom were at-  
tended by Mr. and Mrs. Jack Curtis of  
Victoria, B.C. The happy couple left by  
motor for Nanaimo and after a honey-  
moon spent in Vancouver and Sound  
cities they will take up their residence  
in Cumberland. The groom presented  
the matron of honor with a beautiful  
bracelet and to the best man gold cuff  
links.

TOM MIX IN  
FIGHT FOR LIFE

Los Angeles, Cal., Nov. 25.—Tom  
Mix, who at various times in his career  
has been a cowboy of real life, of the  
screen and of the circus, was near  
death here to-day.

Stricken by peritonitis, which followed  
the rupture of his appendix, Mr. Mix  
spent a fairly comfortable night, but  
his physician this forenoon reported it  
would be three or four days before  
the crisis was past.

## Glorifying Yourself

By ALICIA HART

Hidden behind spectacles, eyes of the  
loveliest, most limpid coloring appear  
at a disadvantage. There's no denying  
the fact that the eyes are the windows  
of the soul, and the young woman  
who is wise does them. She knows that  
strained eyes and tired eyes produce  
wrinkles, than which there is no more  
formidable foe to youth and beauty.

If you are one of the unfortunate  
who must wear spectacles do you know  
all the things you can do to counter-  
act this beauty handicap? Do you  
know the tricks of make-up which  
will improve your appearance,  
and, conversely, there are pitfalls you  
must avoid?

Consider first the shape of the lenses.  
There are more than a dozen different  
types of spectacles on the market, one  
of which is sure to be more becoming  
to you than the others.

It will be a worth-while investment  
to go to an oculist's shop and experi-  
ment with the various types of frames.  
There are nose glasses and unless  
they fit perfectly they are liable to  
bring tiny vertical wrinkles between  
the eyes. There are bridge spectacles  
with a straight line across the tops of  
the lenses forming the top of the nose  
piece. There are shell-rimmed spec-  
tacles which vary in color and thick-  
ness from the extra heavy, very dark  
horn rims to pale shades of gray or  
beige. There are the Oxford lenses,  
usually rimless. You may select spec-  
tacles with yellow or white gold rims.

Decide for yourself whether a lens  
which is large and circular or one that  
is small and oval is more becoming to  
you. It is almost certain that you can  
get lenses to correct whatever eye fault  
you suffer from in either case.

In general the young woman with a  
long, slim face should avoid heavy  
shell-rimmed spectacles. They are for  
the face with regular features. Bigger-  
type glasses will make your face look  
broader. A shell rim of pale gray is the  
least conspicuous you can wear. White  
gold frames are becoming to the  
woman with gray or white hair. The  
sunny blonde can find shell rimmed  
spectacles with a becoming, yellowish  
tinge.

Your Baby  
and Mine

By MYRTLE MEYER ELDRIDGE

FIRST SOLID FOOD OFFERED BABY  
IS CEREAL.

Whether we choose to call them  
cereals, breakfast foods, porridges, or  
mushes, these soft gruels offer baby  
his first acquaintance with solid food.  
The cereal is the first food which  
brings him a new texture and flavor  
from his familiar milk. In view of the  
fact that these new foods have a  
thickness and a body to which baby  
is a stranger, and to which, the  
stomach must become accustomed, it  
is advisable to offer cautious amounts  
of them at first. One teaspoonful is  
quite enough to start with; this  
amount may be doubled and tripled as  
baby receives it with satisfaction, and  
digests it without disturbance.

## COOK APPETIZINGLY

No effort should be spared to make  
the initial taste delicious and appe-  
tizing. Cereal has a worst foe, sticki-  
ness, and lumpiness which, like an un-  
happy impression made by a stranger,  
may serve to prejudice baby against  
it in the future. Since baby is used to  
a moderately warm and a moderately  
sweet food, cereal should be both deli-  
cately warm and slightly sweet, in ad-  
dition to its own added attraction of  
smooth thickness.

The flavor as well as the nutrition  
of the cereal is enhanced if it is  
cooked in half water and half milk.  
Cereal should be very thin at first,  
and as baby becomes enamoured of it  
the solidity may be increased.

## FINE CEREALS FIRST

A finely-milled cereal offers no ex-  
cessive burden to baby's digestion, and  
may be cooked more quickly than  
coarser grains; so we offer a fine,  
wheat preparation first. Cereal de-  
signed for its laxative effect, contain-  
ing bran or flaxseed, has no place in  
baby's diet. If oatmeal or barley is  
chosen in preference to wheat, it is  
desirable to put it through a wire  
strainer in order to strain out any coarse  
particles.

Cereal is added to the diet about the  
fifth month, except in the case of the  
baby who vomits persistently. As a  
thick food, cereal should be both deli-  
cately warm and slightly sweet, in ad-  
dition to its own added attraction of  
smooth thickness.

## THE RECIPE

Here is the recipe for farina and  
oatmeal, suitable for that first taste of  
cereal.

One-half cup of milk.  
One-half cup of water.  
One tablespoon of farina, or  
Two tablespoons of oatmeal.  
A pinch of salt.

Bring milk and water to a brisk boil.  
Stir in cereal, beating until smooth.  
Cook for five minutes, then return  
kettle to double boiler, cover and cook  
farina one hour and oatmeal two  
hours, makes a larger portion of  
cereal than baby can consume at first,  
but within a month he should be able  
to take the full amount divided into  
two feedings, one of which is given  
with his breast or bottle feeding at 10  
o'clock in the morning and the other  
with his breast or bottle feeding at 6  
o'clock in the evening.

To-morrow: "Constant Weariness  
Unusual in Healthy Child."

Perished  
"Did your wife accept you the first  
time you proposed?"  
"No, I have only myself to blame."

TALKS ON HUMOR  
SEEN IN BIBLE

Dean C. S. Quainton Outlines  
Elements of Mirth, Satire,  
Sarcasm and Irony

Pointing out instances of satire,  
sarcasm and irony as well as epi-  
grammatic and hyperbolic passages,  
Very Rev. C. S. Quainton, Dean of  
Columbia, outlined to members of  
the Round Table Club humor in  
the Bible at the club's dinner  
meeting in the Empress Hotel  
yesterday evening.

An intensely human compilation,  
the Bible naturally contained much  
that was mirth provoking, he said, and  
with a series of quotations outlined  
some of the different elements of  
humor, particularly noticeable.

Everyday speech was full of Biblical  
references, the Dean stated, adding  
that many of them were used by men  
and women who were comparatively  
unfamiliar with their Bible.

In the laughter of scornful incred-  
ulity humor was apparent in the  
Bible, he said, and proceeded to quote  
examples from Scripture to explain his  
statement.

From the Book of Proverbs he took  
the epigram, "As a jewel of gold in a  
swine's snout, so is a fair woman with-  
out discretion."

Stories of Samson appealed to the  
Dean as particularly humorous. He  
pictured the Biblical strong man  
bounced in shackles to the post of a  
city gate and wrenching himself free  
to make his escape with the post over  
his shoulder. He also described Samson  
chuckling with delight at the grotesque  
manner in which he had  
avenged himself by tying the tails of  
500 foxes together in pairs and turning  
them loose on his enemies with  
burning torches fastened to them.

According to the Bible, Christ Him-  
self had found expression in irony,  
the Dean continued, citing the case of  
Christ's instruction to turn the other  
cheek to one's enemy. The words were  
taken too literally by many people,  
since, as he interpreted them, they  
simply meant conciliation was often  
preferable to violence.

MALE STUDENTS  
AND IDEAL GIRL

Prefer Girls Who Neither  
Smoke, Drink Nor Make Up

Evansville, Ill., Nov. 25.—The "old-  
fashioned" girl apparently has not  
gone out of style after all.

The Daily Northwestern, student  
publication of Northwestern Uni-  
versity, conducted a survey of the  
ideas of men students on the question  
of the ideal girl.

Eighty per cent of the men, the  
sponsors of the canvass said, specified  
that they were not enthusiastic about  
girls who smoke, drink intoxicating  
liquors, or overdo the use of rouge and  
lipstick.

The men, for the most part, ex-  
pressed no preference as to whether the  
girl be blonde, brunette or red haired,  
but they did say she should have  
"charm, intellect and sophistication."

Opening To-night

Workroom For Unemployed  
Women Will Benefit From  
Show By St. Paul's Players

"The Importance of Being Earnest,"  
Oscar Wilde's brilliant satire on the  
manners and morals of society, will be  
produced at the Crystal Garden this  
evening and to-morrow by the St.  
Paul Players.

The production is in aid of the  
Women's Workroom for the relief of  
the unemployed and has to do with  
two young men who get into "hot  
water" as regards their love affairs.

Wilde's puckish humor is brilliantly  
interpreted by an exceptionally strong  
cast, which include Mrs. M. C. Ridley,  
Miss Vera Sharland, Miss Muriel  
Thompson, Miss Eileen Wilson,  
Stephen E. Lloyd, Herbert G. Fott,  
Allan King, H. W. N. Moorhouse and  
Richard Bloomfield.

in honor of her niece, Kathleen  
Willoughby, the occasion being the  
little girl's sixth birthday. The little  
guests were: Rosemary Cryer, Sylvia  
Stewart, Florence, Elizabeth and Alice  
Koch and Martin Stewart. The children  
played games and a delicious birthday  
tea was served by Mrs. Perry, assisted  
by Mrs. Cryer.

Mr. and Mrs. O. S. Stevens, Maple  
Street, were given a surprise party on  
the occasion of their silver wedding.

Mrs. Stevens was presented with a  
bouquet of chrysanthemums in yellow,  
white and mauve. Mr. Stevens received  
a boutonniere of pink roses and  
violets.

Mr. and Mrs. John Oshart on Sat-  
urday entertained with three tables of  
bridge. Prize winners were: Ladies,  
first, Mrs. Harry Smith; gentlemen,  
Mr. Atkinson; consolation, Mrs.  
Elliot.

Cheminus, Nov. 25.—Scout Com-  
missioner Solway of Vancouver on Sat-  
urday presented a life saving certificate  
to Scout Shunichi Isaki of the Second  
Cheminus troop for saving Scout  
Yoshi Higash from drowning on May  
19.

The Young People of the Baptist  
Association held a devotional service  
in Calvary Baptist Church on Monday  
evening. The speakers were Miss Dor-  
othy Murray, Miss Kathleen Porter and  
Miss Dorothy Fraser.

Alexander Dunsen of Vancouver spent  
the week-end in Cheminus with his  
family.

Mrs. Frank Crucial, accompanied by  
Miss Beatty of Ladysmith, motored to  
Victoria at the week-end.

Mr. and Mrs. John Stewart and Mrs.  
J. A. Adam were recent visitors to  
Nanaimo.

T. A. Gullbride, who recently under-  
went an operation for appendicitis in  
Cheminus Hospital, is recuperating.

Miss Beatrice Windy spent the week-  
end with relatives in Nanaimo.

Miss Peppy

Wednesday, Nov. 25.—Home late last  
night, I did seem that Samuel's  
mother had so much of moment to  
discuss with him, in truth, scarce did  
his father have a dozen words with  
him and we did console ourselves talk-  
ing with each other. Jocks and socks  
crazy with joy to see us. Socks did  
promptly curl up purring in my lap,  
but Jocks, too superior to sit in laps,  
did dance a jig about the floor.

Pleased with the delight with which  
my old-fashioned Peppy Shoppe nose-  
gay was greeted, Miss Peppy did  
carry her back to her gill-  
hood—she had not seen posies so  
charmingly arranged since then. 'Tis  
always so with orders from the Peppy  
Shoppe—methinks, they love the  
sweet flowers so well, that 'tis natural  
they have a way of their own in  
arranging them. A cheerful spot on  
For Street, in truth, where loveliest,  
freshest flowers and plants abound.

Miss Peppy invites me to lunch  
with her at the Zealand, and so to  
town for a morning's shopping. One  
needs must hasten—there are only  
twenty-six shopping days till Christ-  
mas.

'Tis strange the idea one holds that  
jewelry shops have only expensive  
gifts—how strange if one visits  
Messrs. Little and Taylor on Douglas  
Street. How convenient to find two  
tables laden with all specialties and such  
different, good looking gifts—desk  
pencils, sterling silver pens, rings,  
gold wristlet score pads, necklaces,  
compacts, bags—bags, one of the best  
values I have ever written in my diary  
—mesh bags in daintiest blue, beige,  
brown or green to match our cos-  
tumes, filmy, lace, yet strong withal  
—many at but \$1.

Take Miss Peppy to Foster's on  
Government Street. Interested in  
talking with Miss Alexander to learn  
that some furs are lower in price than  
these twenty years since, but 'tis be-  
lieved they'll be much higher next  
year—a good time to buy a fur coat,  
furnish, particularly one of Foster's  
velvety soft, flattering furs. Did  
show me grey broadcloth coat at \$145,  
this fur selling but three years ago for  
\$525.

Drop into McMartin's on Yates  
Street—nothing special in mind, but  
'tis a pleasant place to browse around  
for gifts and their novelty department  
contains gifts for old and young—just  
right to mail abroad, for many are  
typically Canadian—useful little gifts  
—buy and later decide who shall have  
them. Almost forgot, do want some of  
their famous Indian moccasins, all  
banded and furred; these small ones  
are but \$1. Have a friend who buys  
moccasins here each year to send  
away.

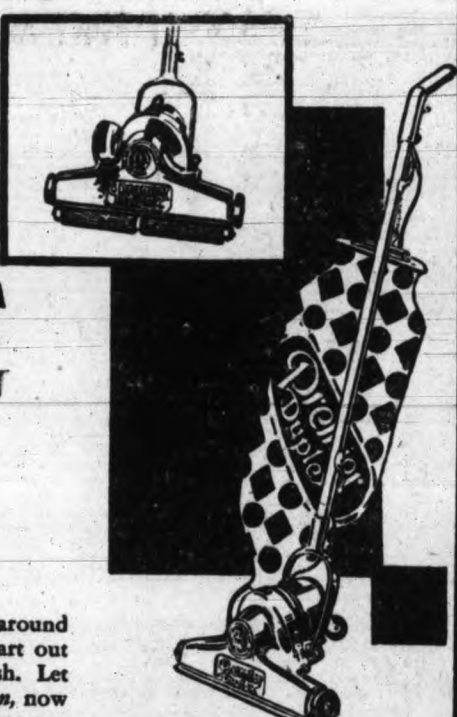

Samuel's mother would have an  
old favorite doll of her mended for  
little Moll—a pretty fancy. So to  
Barber's Toy Store, 102 Douglas  
Street, for they're a wonderful doll  
to bed.

Spent afternoon making some calls  
together. Invite Miss Peppy back  
to hotel to dine, and spend the evening  
in music and dancing till a late  
hour, and so with some merriment  
to bed.

'Tis nearly one but  
cannot leave home  
without dropping  
into Diggon's. Do  
want some more of  
their lovely cards for  
friends abroad—  
Did sometimes 'tis  
so hard to find the  
right words, but I'm  
always successful at  
Diggon's—they have  
cards for all, and this  
year aunt and uncle  
and grandmother and  
grandfather have been  
added to the list.  
'Tis time to have our  
personal cards printed  
—too. Buy a  
lovely gift box of  
stationery for \$1.50 and find they'll  
emboss gold initials on it free—twice  
make a handsome gift.

Spent afternoon making some calls  
together. Invite Miss Peppy back  
to hotel to dine, and spend the evening  
in music and dancing till a late

"You don't have to go any farther than Rockaway to get a swell tan," Bowen reminded her. "I'm still digging around at his past—been putting in my spare time here going through the police morgue. I haven't set eyes on anyone yet that looks like him; but I haven't given up hope. He picked up that Spanish lingo somewhere, so why not in this part of the country? He may have come up from Cuba, or some of these other islands. They're full of polygot 'Spaniards'—usually about one-third Spanish blood and two-thirds what-have-you. Not that it matters a damn if he's an Eskimo, but I've got a hunch that he left a nice little record behind in the place he started from. And I want to find it, wherever it is."

"But about to-morrow night—" "Yes, that's what we've got to plan for, now. Have you got a costume?" "No, but trust me to get one. There must be shops here—costumers who furnish the society crowd with fancy dress. I'll go to the Empress of all the Russias or Cleopatra or something, and get a dress that will seem quite natural to trot the necklace out and show it off."

Bowen nodded. "That's the girl." "And look—what do you think of this? I'll tell everyone it's just a bauble from the five and ten and I'll be just a poor enough liar that they'll know I'm lying. It will make people twice as sure it's the real thing, if I protest a lot and swear it isn't."

Bowen nodded approvingly. "Don't over-act, now, Juliet," he added. "Take it easy. Just a shade too much fuss over it, and De Loma will be afraid to touch it. He's cagey as the deuce, remember. Just because he seems to be eating out of your hand, don't think he's asleep... just that little coincidence of his acquaintance with your friend Louise is what's responsible for his walking right up to the gun, like that. Her being there lulled his suspicions, or he might have high-tailed it out of sight the minute he saw you in the hotel."

"Well, that's something to thank Louise for, at any rate," Mary admitted grudgingly. "Otherwise, she's a blot. Bates thinks she's a crook. He's forgotten all about The Fly. Too busy trying to trip her up into making some sort of admission that will show him what her real game is."

"Oh, well, Louise is none of our affair. But he will give her the boot when he gets his land legs and looks around this country a bit... some of these bathing beauties lured to make him drop his case and run..."

"That reminds me," Mary interrupted. "I'm supposed to wangle a picture of her somehow for Bates to carry next his heart. I think, though he says it's to send home to the New York police department. For a man who thinks he's out for the reincarnation of Catherine de Medici and the Borgias family, he's having a better time than any college sophomore I know!"

"Maybe they'll take a picture of the notables at the party to-morrow night."

"Town Tattle lay nearest her hand, but she drew away from it as if it would have burned her. Whatever shameful secrets it had to reveal, she didn't want to know them. And none of the lurid detective story magazines that hung before her seemed to offer anything half so exciting as her own life was proving. In the end, she bought a newspaper only, and stood a moment, holding it wide open before her at the society party."

Suddenly the smooth flow of a familiar voice made her lift her head with a start. Cautiously she lowered the paper and looked over its edge. Not ten feet away, with her back toward her, the countess and De Loma sat close together on a mulberry velvet lounge, deep in low-voiced conversation.

CHAPTER XXVI

Mary walked swiftly to the elevator and pressed the button. As the slow-moving operator closed the door and started the car upward, she would have given a great deal to know what subject was so engrossing Louise and De Loma, but she dared not risk the chance of being caught snooping about.

Almost immediately she was sorry, though. Why hadn't she concealed herself and caught at least a hint of what was passing between those two? It might be of tremendous importance to her plans. If the countess guessed, or if Bruce had broken his promise and told her the purpose

of this trip, might she not pass the information on to De Loma, either intentionally or otherwise? If De Loma ever had been of importance in the countess's life unquestionably she would warn him if she could. The question-mark was Bruce. Distrustful of the whole affair, he might have violated his promise; Mary surmised there was not much that the crafty Louise could not worm out of him if she chose.

For all that, he might fly into a rage. Whatever was happening down there would have to happen. No one could reasonably have foreseen that those two would be intimates. It was a bad break, that was all, as George would say.

Mary walked restlessly about the room. Sleep! It was far from her now. How could she sleep with this uncertainty hanging over her head? If she could only ask Bruce, reassure herself.

But Bruce was incalculable. If he knew those two were downstairs now, for instance, he might fly into a rage. What infinite help Bruce could have been if only he had trusted her a little more. He should have been her greatest help, but he had allied himself with their enemies. His perfidy might even be responsible for the failure of the whole scheme!

Regularly Mary took down the telephone receiver, but only to call the desk and ask to have a boy send her some bromide tablets. She must go to bed and forget it. She would need her wits about her to-morrow.

(To Be Continued.)

### SISTER MARY'S KITCHEN

Most of us like to serve tea and a "little something" at the close of the afternoon study club or committee meeting. With hot tea, tiny home-made cookies seem to add the purpose better than sandwiches. The little cakes are less hothouse since they can be made early in the morning or the day before and stored until wanted without fear of them drying out or becoming soaked as in the case with sandwiches.

SHORTBREAD

One cup butter, 1/2 cup confectioners' sugar, 2 cups bread flour, 1/4 teaspoon baking powder, 1/4 teaspoon salt, 1 teaspoon vanilla, blanched almonds.

Cream butter and add sugar gradually. Mix and sift flour, salt and baking powder and add to the mixture. Mix thoroughly and shape into two rolls about the size of a silver dollar. Chill for two or three hours. Cut in slices about 1/4 inch thick and put half of an almond on each slice. Bake in a slow oven for twenty to twenty-five minutes or until a pale straw color.

SNICKERDOODLES

One cup granulated sugar, 2 tablespoons butter, 1 egg, 1/2 cup seeded and chopped raisins, 1/2 cup molasses, 2 cups flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/2 cup granulated sugar, 2 teaspoons cinnamon.

Beat egg until light, beating in sugar and softened (not melted) butter. Mix and sift flour, salt and baking powder and add alternately with milk to first mixture. Stir in raisins and drop by teaspoonful into oiled and floured tins. Mix sugar and cinnamon and sprinkle thickly over cookies. Bake fifteen minutes in a moderate oven.

Chocolate cookies are always popular. To-morrow's Menu

Breakfast: Grapefruit sections, baked French toast, maple syrup, milk, coffee.

Luncheon: Corn soufflé, lettuce sandwiches, canned cherries, chocolate squares, milk, tea.

Dinner: Baked chicken, baking powder biscuits, gravy, mashed potatoes, baked squash, onion and orange salad, date and nut pudding with whipped cream, milk, coffee.

CHOCOLATE SQUARES

Two squares baking chocolate, 1/2 cup butter (melted), 1 cup granulated sugar, 2 eggs, 1/4 teaspoon salt, 1/4 teaspoon baking powder, 1/4 cup flour, 1 teaspoon vanilla, 1/2 cup chopped nut meats.

Melt and sift flour, salt and baking powder. Melt chocolate and add sugar and melted butter. Beat whites and yolks of eggs separately and add the yolks to the whites. Stir into chocolate mixture, adding dry ingredients, vanilla and nut meats. Spread in a well oiled pan. Bake the dough about one-fourth inch thick in pan. Bake eight to ten minutes in a moderate oven. Cut in squares while warm.

## BEDTIME STORY

Uncle Wiggily's Thanksgiving

By HOWARD E. GARIS

One morning, a few days after he and Baby Bunty had stayed in a Rabbit Scout camp all night in the woods, Uncle Wiggily hopped down stairs in his hollow stump bungalow to get his breakfast. But to his surprise, no table was set, he could not smell the turnip coffee boiling, sniff as he did with his pink, twinkling nose, nor could he smell the delightful perfume of griddle cakes being browned to be spread with maple sugar syrup.

"Dear me! What can have happened to my wife and Nurse Jane?" murmured Mr. Longears. "No breakfast for me! Yes it is past my time." To make sure of this he looked at his watch and found it after 9 o'clock.

At first Uncle Wiggily feared lest, perhaps, some of the Bad Chaps had broken into his bungalow in the night and carried off not only his wife and muskrat lady housekeeper, but also Baby Bunty and his forty-seven sixteen-teen rabbits and girls.

But, all of a sudden, Mr. Longears heard some jolly shouts and laughter in the side yard and looking, he saw Jingle, Jangle, Bunter, Custer and all the others having a game of snow tag. For snow had fallen during the night and to play snow tag whoever is "it" must race after some one else and throw a soft snowball at him. Whoever is hit must then be "it" which makes a little verse, you see.

"Well, the children are all right anyhow," said Mr. Longears. "But they should be in school. They'll be late!" Opening a window he called to them: "Quick! Hurry to school and tell the Lady Mouse Teacher you're sorry to be late!"

"No, Uncle Wig!" said Bunty with a laugh as she tagged him by tapping over to his must then be "it" which makes a little verse, you see.

"Why not?" asked the rabbit gentleman. "Because," answered Bunty, "to-morrow is Thanksgiving and we have no school today and none until Monday."

"And we are very thankful for that!" cried all the others together. "Oh," murmured Mr. Longears. "I had forgotten that to-morrow is Thanksgiving. But where," he asked, "is your mother, my dear? And where is Nurse Jane, and where is my breakfast?"

"Mother is in the kitchen with Nurse Jane," answered Bunty, "and she's making pie, cakes and puddings to eat to-morrow."

"And we are very thankful for that!" sang all the others in chorus. "Oh, why, that's quite jolly!" said Uncle Wiggily. "But if I could have

some breakfast I would be thankful for that."

"No breakfast for you when you come downstairs so late the day before Thanksgiving when we are so busy?" said Mrs. Longears coming into the dining-room with a dab of flour on her nose and apron. "You've got something out of the ice box, Wiggy?"

"Well," said Uncle Wiggily, "I suppose I ought to be thankful I have an ice box. And I am very thankful no Bad Chap carried away any of my little bunnies, as I feared at first. But I really am hungry."

"You should be thankful for that when you see all the good things to eat that we are getting ready for to-morrow," chuckled Nurse Jane coming in with a big chocolate cake, which she held high over her head so Uncle Wiggily wouldn't try to get a piece before it was time.

"Yes, I am very thankful," agreed the rabbit. "And now I am going out to look for an adventure. I'll be thankful if I find one."

Away he hopped over the fields and through the woods. He was on his way to see how much snow there was on the frozen creek pond when, all of a sudden, he heard a voice which seemed to laugh like this:

"Haw! Haw! Haw!" Looking up, Uncle Wiggily saw a black Crow bird.

"What are you laughing at?" asked Uncle Wiggily.

"I'm laughing to think how surprised you will be in a moment," cawed the Crow.

"Why shall I be surprised?" asked Uncle Wiggily.

"Because," answered the Crow, "the Fox is hiding in the bushes near the duck pond and when you go there he'll get you for his Thanksgiving dinner. Haw! Haw! Haw!"

"Well, I'm thankful that you laughed and told me in time," said Mr. Longears. "Now I shall not go to the duck pond. I'll go back to my bungalow and get ready for my Thanksgiving dinner. I'll fool the Fox."

And so he did and once more the Crow laughed: "Haw! Haw! Haw!" But this time he was laughing at the fooled Fox. And when the next day came, there was much feasting in the hollow stump bungalow and everybody was thankful. So if the bath tub doesn't stand on its head and spill water down the back of the rocking chair, I'll tell you next about Uncle Wiggily's celery bush.

## DIRECTORS OF OPERA RESIGN

Metropolitan Company Loses G. Eastman and E. S. Harkness From Board

New York, Nov. 25.—The resignations of George Eastman, manufacturer, and Edward S. Harkness, philanthropist, from the directorate of the Metropolitan Opera Company, became known to-day.

The resignation of Otto H. Kahn, finances and opera patron, from the presidency and board chairmanship was announced a short time ago. Mr. Kahn, however, remains as a member of the board.

The successors to Mr. Eastman and Mr. Harkness will be Clarence Dillon, senior partner of the banking firm of Dillon, Read and Company, and Congressman Robert Low Bacon of New York.

The pressure of private business interests was given in explanation of the Eastman and Harkness resignations, as it was in the case of Mr. Kahn.

London, Nov. 25.—One of Oxford University's most venerable institutions that has held a terror for students for hundreds of years, should disappear. At a meeting of the abolition of the so-called "divers" scriptural examination which a student must pass before securing a degree.

Brisk debate preceded the decision of the congregation dividing 140 to the decision to abandon the examination. It was explained, was not a in opposition to Christianity, merely an educational reform.

### Equality of Education Necessary to Happy Marriage? What Kind of Girl Do Boys Like Best?

EAR DOROTHY DIX—Since education is considered such an important factor by most people much argument has arisen between us on the question as to whether or not it is advisable for a young man with a college education to marry a girl who has had only two years of high school. We have debated this question for two months without coming to any definite conclusion, so we put it up to you.

Answer—I should say that it depended altogether on the girl herself and whether her limited education was the result of circumstances or because she had no interest in books or thirst for knowledge.

All education does not come put up in textbooks and with the brand of one university upon it. It is not illegitimate, so to speak. I know men and women who have college degrees to have an education that is strictly limited to the subjects they studied in school. Since their graduation day they have never read anything beyond headlines in the daily papers and the comic strip and the sporting section of the society news, and they are in reality ignorant and uncultured.

On the other hand, I know many men and women who had very little schooling—some of them did not even go through the grammar school—who have studied and read and become highly intellectual.

So, as I said, it depends on the girl herself. If she loves books she will educate herself. Many women do this. The women's clubs have been called the "married women's universities," and they are filled with women who are reading literature and history and attending lectures on art and architecture and whatnot in order to supply the deficiencies in their early education.

If I were you I would put far more stress on a girl's attitude toward cultural subjects than I would on how many years of high school or college she had had. If she hungered for an education and was avid for knowledge, if she would rather you brought her a book than a box of candy when you go to see her, if she knows everything that is in the daily papers and devours the magazines I would not bother about her not having been to college.

If she never read anything more than a sexy novel, however; if she did not read the papers and was still under the impression that Mr. Hoover was a circus cleaner, if she took no interest in anything except what went on in her own little circle and thought what they were doing in it more important than what Kemal Pasha is doing in Turkey, then I would have none of her matter if she had ground through the high school.

For I would know she would never have any real education. She would always be dull and stupid and tiresome and boring and her conversational repertoire would never get any further than the back fence and the front door.

Generally speaking, it makes for the happiness of a family for the man be better educated than his wife and her mental superior, because men like to be the family oracle and women like to look up to their husbands as oracles. So everybody is satisfied and happy.

EAR MISS DIX—First. What kind of a girl do the boys like best and what qualities do they admire in a girl?  
Second. Do the men of to-day appreciate a girl with high ideals and why not such girls more popular?  
Third. Does a boy of twenty-one know his own mind with regard to love?  
Fourth. Can a very plain-looking girl be a real friend to a boy?

Answer—My goodness, what a lot of questions! They comprise the whole art of being a girl. But to answer them:  
First. There is no particular type of girl who makes a universal hit with all boys, because every boy has his own individual taste in girls. Some like them tall and some like them short. Some like Amazons and some like pocket Venuses. Some gentlemen prefer blondes and others all for brunettes. Some like to chase girls and others like to be chased by them. So there you are.

The qualities that boys like in girls are generally simplicity and sincerity and friendliness. The do not like girls who high-hat them nor girls who make men do all the talking. They like girls who know how to dance and play tennis and golf and who are good sports.

Second. There are a few men who appreciate girls with high ideals, but truth compels me to admit that it is the neckers and the petters and the girls who drink and smoke who have the most dates. Men like that kind to have fun with, but when a worthwhile man decides to get married he passes up the little booze hound for some girl who has kept herself pure and sweet and sober. He does not care to have a drunken wife nor an alcoholic mother for his children.

Third. Sometimes a boy of twenty-one knows his own mind about love and is in love for keeps, but it is a big risk to take. It is far wiser for both the girl to wait until he is older and more settled and has looked "em over," so that he knows what he wants in a wife and will not want to swap her off for another in a couple of years. Besides, a boy of twenty-one seldom in any way of supporting a wife.

Fourth. Of course, a plain-looking girl can attract men. Look at the married women around you. Not many of them would even have taken a prize in a beauty show. Some of the most fascinating women in the world as homely as mud fences. But the plain girl must cultivate a line of attractions and be on the job of making herself agreeable to men.

DOROTHY DIX.

### Little Visits in Africa

After returning from an African village where a missionary named Bert Milligan reported:

Half-wild natives of Africa.

A general quarrel took place the day I arrived. A certain man had laid an egg in another man's house, and the latter man had kept it. The town was divided about the ownership of the egg. Arguments were given on each side, but it was no use. Before the question was settled, something else had happened which called for much exercise the lungs, and the egg problem was forgotten. It may not be decided this day.

posed to be at the other end of the world. Native women in Africa sometimes sit inside the doorways of their homes and shout angry words against other women in nearby huts.

We must not suppose, however, that African women are always engaged in quarreling. There are periods of quiet. When the men in certain tribes go away to war, the wives left behind are expected to be friendly toward one another. It is supposed that if two women quarrel at such a time their husbands would be killed or wounded in battle.

The fighting between men in Africa is often about cattle. Sometimes an attempt is made to punish members of another tribe for cattle-stealing. In other cases a "war" is nothing more than fighting started by a tribe which wants to steal livestock belonging to neighbors.

The battles usually are "fame affairs" from the viewpoint of white men. Spears are favorite weapons. A single warrior may carry as many as twenty spears to the scene of combat. These are hurled freely toward the enemy, most of them missing their marks. Now and then there is close-up fighting.

When two or three of his men are killed, a chief is likely to call a halt to the battle and to tell the other chief that he is willing to let him have some livestock.

## The RECORD SPEAKS for ITSELF

Canada has produced many record breakers... but among the foremost are Norval Baptie, Canada's world champion skater, and Turret, Canada's record holding cigarettes. Turret cigarettes were established as Canada's most popular brand years ago and they still lead all others in public favour, due to their supreme quality, mildness and fragrance.

After all, nothing can replace good, honest tobacco; grown and ripened right out in the field under nature's own sunlight—nothing artificial about that—and the high quality is "inbred."

## Quality and Mildness Turret CIGARETTES

One of the most outstanding of all Canada's record holders is Norval Baptie, professional Canadian speed skater, who holds ten world records for skating distances from 220 yards to 5 miles on straightaway tracks, outdoor circular tracks and indoor tracks. Three of these records have stood unbroken since 1928... his 440-yard, straightaway time of 28-1/5 seconds, being outstanding. Twenty years later, on March 18, 1918, Baptie set a new 2-mile record for indoor tracks, his time being 5 minutes 41-2/3 seconds.

## Tallulah Bankhead In Picture at the Dominion Theatre

"My Sin," one of the season's most interesting pictures, is now showing at the Dominion Theatre.

This thrilling story of the regeneration of a man and woman, one crushed by bitter circumstances, the other demoralized by wild living, has Tallulah Bankhead and Fredric March in its leading roles.

The story is filled with dramatic incidents. Its vivid scenes reach from the tropical atmosphere of Panama to the noise and hurry of sophisticated New York. A master hand has taken the theme and woven vigorous action into a thrilling drama that intrigues the imagination and grips the emotions. Paramount, realizing the rich possibilities of the story for pictured dramatics, selected the most gifted artists available in making up the cast.

Tallulah Bankhead, vivacious, talented, and charming, with a record of stage successes in both America and England, and Fredric March, rich in stage and cinematic experience, share the stellar honors in this production.

Miss Bankhead sprang into public favor when she appeared in "Tarnished Lady." She is a petite light blond, of magnetic personality and radiant charm. She has a rare gift for character impersonation and a dramatic subtlety. March, puts into all his acting a dramatic vigor that carries audiences along with him. He is versatile and highly sentient to the dramatic possibilities of his roles.

## Realistic Settings In Picture Showing At Empire Theatre

### "The Good Bad Girl" Shows Famous Restaurants and "Speakeasies" of New York

Some years ago the late David Belasco, famous New York producer, staged a play in which one scene depicted a popular-priced restaurant of a type well-known to theatre goers in all metropolitan districts. In order to achieve a convincing realism, Belasco had his stage artists copy the furnishings and interior decorations of just such a restaurant in elaborate detail. Critics branded the result as photographic—too photographic for art, but despite this, none of them could deny that the produced effect added an increased semblance of life to the play.

Following in the footsteps of the famous stage producer, Columbia Pictures artists have copied in detail the decorative motif of a famous New York night club in building the sumptuous "speakeasy" set used in "The Good Bad Girl," showing to-day at the Empire Theatre, formerly known as the Coliseum Theatre. The result is an effect so realistic, that everybody who has alighted in the metropolis within the last year is bound to get a thrill of recognition out of seeing it.

### COLUMBIA THEATRE

Two cartoonists and one mad wag are responsible for the hilarious story and "gags" of the third picture starring the Four Marx Brothers—"Monkey Business," now showing at the Columbia Theatre.

The mad wag is S. J. Perelman, gag-maker emeritus of Judge and other magazines. The cartoonists are Will B. Johnston and J. Carver Pusey. Johnston is the comic cartoonist of The World-Telegram, New York evening paper and Pusey is the creator of "Benny," a comic strip which appears in numerous papers throughout the country.

Here is Burke at the top of his swing. Notice his position. He is almost erect. Just a slight tilt forward from the waist. This near-

position is necessary because without it one cannot pivot. Without pivoting, distance is absolutely impossible. So look to your stance to lack of distance and failure to be balanced. To-morrow — where power comes from.

## THE SPORTS MIRROR

**B.C. Rugby Players Not Getting Break in Japanese Tour Plans**

**Eastern Players Should Have to Fight for Places on Fifteen**

**Brand of Rugby in This Province Best in Entire Dominion**

**Tom Crevay and Paul Runyan Are Just "Two Unknown" Champions**

LATEST developments in the arrangements for the coming tour of Japan by the team of Canadian English rugby players bring forth the rather startling information that ten players from eastern Canada will be included in the team of twenty-two players who will be open to players from Victoria and Vancouver. On the face of things this seems hardly fair. There are a couple of perfectly concrete reasons why British Columbia players should be given as many places as possible.

Last year the Canadian English Rugby Union, governing body in Canada, made plans for a Canadian tour by a Japanese all-star fifteen. After all arrangements had been completed it was found it would be impossible for the tourists to play on the prairies and in eastern Canada owing to the cold weather and hard condition of the playing fields. So as not to disappoint the Japanese, British Columbia stepped into the breach and agreed to bring the team to the Pacific coast for a series in Victoria and Vancouver, two games in this city and three in Vancouver.

The series turned out to be an outstanding success from a financial standpoint and also did considerable towards boosting the game in this province. The Japanese were delighted with the treatment they received from the people of British Columbia and before returning to their native land talked over plans for a return visit of Canadian players. Soon after the arrival home the Nippons sent an invitation to the Canadian English Rugby Union for a team to tour Japan early in 1932. Although the invitation was sent to the Canadian Union of course, it being the governing organization of the game, it was meant for British Columbia. The right thing, in the opinion of many, would have been for the Canadian organization to have turned over the invitation to British Columbia.

It will be a fine thing for an all-Canadian team to make the trip to Japan, but what right have the eastern players to make the team. The eastern and prairie unions had nothing whatever to do with the championship to Canada last year. It would have been all right to have included four or five or possibly six eastern players in the team, but to include the entire team without the players having to fight for their positions as now planned seems hardly fair to the British Columbia players. The eastern time and playing ability last season towards making the visit of the Japanese a success.

Some may put up the argument that the eastern players are superior to those of the west. It has been proved that the best English rugby in Canada is played right in Victoria and Vancouver. Two years ago a fifteen from the University of British Columbia, not by any means a British Columbia "rep" squad, made a tour of the eastern provinces and lost a match. This is a pretty good example of the superiority of the British Columbia players over those from the other side of the continent.

Tom Crevay and Paul Runyan are just the two "Great Unknown" golf champions. Crevay, at twenty, won the Professional Golfers' Association championship of the United States. Little notice was taken of his smashing victory, but the accomplishment of the young man from Albany was not a bit less noteworthy for he had to beat Gene Sarazen in the semi-finals and Denny Shute in the final. Runyan is the twenty-three-year-old pro who is able to win the championship of a week. A few days after he had captured the Westchester Open he came through to grab the spoils in the Metropolitan P.G.A. Like Crevay, Runyan had to beat Sarazen to win the Metropolitan. These golfers will be coming to the west and south soon with a lucrative winter ahead. But there may be just a bit of depression among the old guard when Crevay and Runyan step in there to take their cuts.

## Roughriders To Take on Juniors

Regina, Nov. 25.—Standard bearers of the prairies in the Dominion rugby finals on December 5, Regina Roughriders, senior champions, and Moose Jaw Maroons, wearers of the junior crown, will meet here Saturday afternoon in an exhibition game which will wind up the training grinds of both squads in preparation for the big tests the following week-end.

## Henri Cochet Will Tour South America

Paris, Nov. 25.—Henri Cochet, ace of the French Davis Cup tennis forces, is planning a South American tour, following the finals of the 1932 cup matches. He will take a number of French players with him in an effort to raise funds for the Lyons Football Club, the first sporting organization to which Cochet became affiliated.

Toronto, Nov. 25.—The two biggest upsets of the 1931-32 edition of the National Hockey League campaign so far occurred in the east yesterday evening, when Boston Bruins and Montreal Maroons returned to their home ice and handed Montreal Canadiens and Detroit Falcons 7-to-1 and 6-to-1 setbacks, respectively.

The other game on the night's programme resulted in a tie, when a last-minute goal by Chicago Black Hawks gave them a split joint verdict with New York Rangers.

## TOUGH KRUSE MEETS O'DALE IN MAIN BOUT

**Heavyweight Wrestlers Featured on Tillikum Club's Card For Saturday**

**"Rocky" Brooks to Meet Turk; Sonnenberg and Sarpolis Take Their Matches**

After a week's lay-off the wrestlers will return to the Tillikum gym on Saturday night. Bob Kruse, tough young grappler from Portland and Casey O'Dale, from down Georgia way, will meet in the eight ten-minute-round main event. They are heavyweights. In the five round semi-windup "Rocky" Brooks, a first class exhibition to defeat Bill Demetral, Chicago veteran.

Nothing is known about Manno but he comes here with a first-class reputation and is expected to give Brooks a rough passage. The first bout will get under way at 8:45 o'clock.

Chicago, Nov. 25.—Gus Sonnenberg, Boston heavyweight wrestler, defeated Karol Zbyzsko, Poland, in the main event of a card at the Chicago Stadium yesterday evening, when the latter was unable to come up for the final fall after being bounced out of the ring by Sonnenberg's flying tackle.

Zbyzsko won the first fall in 26:30 with a headlock, and after 13:40 of grappling for the second fall, Sonnenberg knocked his opponent through the ropes. Sonnenberg weighed 206 pounds, to 186½ for Zbyzsko.

Spokane, Nov. 25.—Dr. Karl Sarpolis, 212, Cleveland, won a two-fall wrestling exhibition from Casey O'Dale, 215, Georgia, here yesterday evening. O'Dale threw the grappling physician in the third round with a flying tackle. Sarpolis applied his flying scissors hold so vigorously in the fifth round that O'Dale was unable to continue.

In the semi-final Jack McCarthy, 216, Chicago, succumbed twice to double hammerlocks applied by Jack Reynolds, 208, of Salt Lake City. McCarthy took the first fall with a combination arm lock and body scissors.

New Haven, Conn., Nov. 25.—Dick Davis, California, threw Frank Brunowicz in a wrestling match here yesterday evening with a front leg grapevine hold in twenty minutes and four seconds. Davis weighed 229 and his opponent 212.

San Francisco, Nov. 25.—George Godfrey, the "Black Jemina" of Leipersville, won the main event of the wrestling programme from Don Andras Costanzo, Mexico City, on a foul here yesterday evening. Godfrey, who weighed 242, took the first fall from Costanzo in twenty-eight minutes with a body slam. Costanzo a few minutes later started slugging and the referee awarded the bout to Godfrey when his warning to stop fighting went unheeded. Costanzo weighed 225.

Bob Kruse, 198, Portland, and Abe Kaplan, 208, Spokane, wrestled one hour to a draw in one of the roughest bouts seen here this season.

Honolulu, Nov. 25.—Al Karasick, Portland, threw Jacques Manuel, Honolulu, in two straight falls in the wrestling match here yesterday evening.

New York, Nov. 25.—Ray Steele, 215, Los Angeles, and Sam Stein, 200, Newark, in 45 minutes and 56 seconds of their heavyweight wrestling bout here yesterday evening. Stein was counted out after he rolled out of the ring and was unable to return.

**Winnipeg Take Exhibition Title**  
Winnipeg, Nov. 25.—Winnipeg Allan Cup holders and Canada's Olympic hockey team for 1932, yesterday evening opened a campaign they hope will bring them a world championship by defeating an all-star team of the Winnipeg Senior League, 3 to 1. Proceeds of the exhibition contest go to charity.

JOHNNY FARRELL

New York, Nov. 25.—Johnny Farrell, U.S. open golf champion in 1924, and Miss Catherine Hush of Old Greenwich, Conn., were married in St. Joseph's Roman Catholic Church yesterday.

The bride is a daughter of Mrs. Henry Jerome Hush and is socially prominent in Old Greenwich. She is a graduate of Notre Dame de Lourdes Convent here.

On Sunday, Mr. and Mrs. Farrell, accompanied by Mr. and Mrs. Gene Sarazen, will leave on a wedding trip to San Francisco and the Hawaiian Islands.

Portland, Ore., Nov. 25.—Paddy Sullivan, Los Angeles, outpointed Harry Ketchell, Tacoma, to win a six-round main event fight here yesterday evening.

They each weighed 124 pounds. Sullivan's boxing superiority was marked but Ketchell fought gamely. He was unable, however, to connect with his famous right hand.

Frank Sawyer, 302, Vancouver, won a six-round decision over Bucky Harris, 187, Seattle.

## Senior "A" Men's Basketball Teams Hook Up at High School Gym To-night

**Both Need Victory to Stay in Race; Two Other Games Round Out Good Card**

With both teams battling to stay in the race for first half honors, to-night's Victoria and District Senior "A" men's basketball game between the Commercials and C.P.S. should be a thriller from beginning to end. The Commercials were badly beaten by the Buys in their last appearance, but are confident they will turn back the lumbermen.

The other two games will bring together the Harmony and Blue Birds in an exhibition game, and Saanich will play West Road in a senior "B" men's tussle.

With both senior "A" men's teams at full strength, a fast game is looked for, with the Commercials favorites to win. In previous meetings between these squads, the lumbermen have managed to hold their own until the final minutes of play only to have their opponents go on a scoring spree. To-night the C.P.S. will fight to the last whistle, and they should give the fast stepping Commercials plenty of trouble.

Saanich will have their last chance at turning back West Road in the first half of the schedule. West Road took the first battle between these teams after a thrilling game, and then walked away with the second meeting. To-night Saanich will make their final stand and are hoping to take the west side into camp.

Tommy Macedeo will referee all games.

The complete card follows:  
7:30—Senior "B" men, Saanich vs. West Road.  
8:30—Blue Birds vs. Harmony.  
9:15—Commercials vs. C.P.S.

**"Y" Hoopsters Win Easily in Game With Esquimalt**  
Led by Ken Fleming and Chuck Sharpe, Y.M.C.A. sharpshooters ran through Esquimalt, 54 to 23, in the Sunday School Intermediate "B" Basketball League fixture at the association's gym yesterday evening.

The "Y" boys outplayed their opponents in every department of the game and found the hoop with monotonous regularity.

"Red" Martin refereed.

The teams were as follows:  
Y.M.C.A.—Bourne (9), Robb (1), Fleming (19), Sharpe (19), Phillion (2), Landell (2), Naymirth and Roskelley (2).  
Esquimalt—Davies (8), Thompson (8), Wilkinson (8), Jacklin (1), and Stewart (1).

The Victoria Rugby Union will hold its regular meeting in the office of Mason and Dispecker, Brown Building, this evening at 8 o'clock. All delegates are requested to attend.

## Crescent Swimmers Increase Vancouver Threat In "Y" Gala

**Eleven Aquatic Aces From Chuck Hill's Terminal City Club Will Strengthen Mainland's Bid for Championship Water Meet at Crystal Garden Saturday Evening; Popularity of Men's 100 Yards and Relay Races Ensured**

Vancouver's threat in the British Columbia championship gala to be held at the Crystal Garden on Saturday evening, under the auspices of the local Y.M.C.A., was increased this morning, when eleven entries from the Crescent Amateur Swimming Club were received at the association. "Chuck" Hill, coach of the Crescent has lined up a formidable array of sprinters for the meet and will furnish keen competition for those taking part in the men's 100-yard freestyle dash as well as the backstroke 100 yards men's provincial title event.

A good relay team is also expected to make the Tip Top Falcons Cup, the trophy at stake in the invitation 200 yards four-man team event.

Jimmie Lamb, Hule Lamb, Ralph Riske, Gordon Knechtel, Murray Abernathy and Alan Spencer will form the backbone of the men's sprinting squad, which will represent Hill's club. All have competed here in previous meets and have shown up to particular advantage. When they take the plunge in the different races Saturday, they should be able to force the best men of the province to swim all out in order to win.

**AFTER BACKSTROKE TITLE**  
Hule Lamb and Alan Spencer will also be after the backstroke title as well as other men's open events. Both boys have shown particularly good form in Vancouver meets during the summer, and will be in good shape for the race.

Dot Eccleston and Frances Gliske are lined up for the women's backstroke fifty-yard competition, while the former is also listed for the women's open fifty yards freestyle.

To date, Frances Gliske is the only outstanding women's plunge threat.

Winnie Bradley, a new recruit to the Crescents, will seek the girls under fourteen freestyle honors.

With the Westminster still to be heard from the number of mainland entries already received promises to give Victoria aquatic stars plenty of trouble as they strive for the chief honors.

Regular workouts at the Crystal Garden are bringing the Capital City hopes into shape, and by the time they line the pool on Saturday evening they should be in fine fettle for their contest.

**MEN'S HUNDRED POPULAR**  
In addition to increasing the interest in the relay race and promising early entrants smart competition, the entry of the Crescent swimmers, especially the popularity of the men's 100 yards. The majority of Vancouver's outstanding merman have entered the century dash, and two heats at least will be required before the final will be run.

The three championships at stake in the meet are the women's 100 yards breaststroke, at present held in Alena Clappitt, the men's 100 yards backstroke, held by Denny Walker, and the men's three-metre figure diving, held by Art Stott.

Reserved seat tickets for the gala meet will be on sale either at the Y.M.C.A. or at the Crystal Garden.

## JONES BROS. BEAT ROVERS

Reverse Decision Against Team Which Beat Them Early in Hockey Season

Monarchs Stay in Front of Intermediate Squads With Win Over Shoe Squad

Jones Brothers, composed chiefly of players who performed with the city champions last year, reversed the defeat they suffered early in the season at the hands of the Rovers to win yesterday evening's senior roller hockey fixture, 9 to 7, at the King Bink. In the intermediate tussle, Monarchs waded through the Capital Shoe Repair squad 11 to 2 to retain their lead in that division.

After finishing the first period in a three-all tie, Jones went out in front in the second canto when goals by Drysdale, Pellett, and Barnwell gave them a 6 to 4 edge. B. Carlow accounted for the Rovers' only tally in the second.

In the closing frame each squad added three more counters.

**WIN EASILY**  
Monarchs were never in danger in the second division fixture. In the opening period they piled up a four-goal lead and kept increasing their score to the end.

Frank Whitford refereed and the teams lined up as follows:  
Jones Bros.—Holmes, Drysdale (2), De Macquiere (1), Pellett (4), Barnwell (2), Durwin, Thompson.  
Rovers—Parkington, Simmons, Farley (1), Hemming (1), J. Carlow (1), Moore (2), Bossom, B. Carlow (2).  
Monarchs—Carlow, Scouler, Woodford (1), Holmes, O'Connor (2), Smith (3), Byrne (3), Palmer (2).  
Capital Shoe Repair—Holmes, Essling (1), Poyer, Fells, Milton, Bloomfield (1) and Parsons.

Mixed Sentiment  
In Uncertain Bond  
Market; Rails Lower

Canadian Press  
New York, Nov. 25.—The bond market to-day apparently was somewhat undecided whether to show signs of life or relapse into further somnolence. Although indications of better conditions in the sounder securities list were not lacking, traders and investors were inclined to mark time.

Interest in United States obligations was mixed, some of the Liberties selling off in the middle of the session while the Treasury issues were bought at a slight advance. Sales generally were moderate.

Recent over-subscription of the Boston City offering and the heavy taking of the Canadian government's \$150,000,000 loan gave some encouragement to dealers who see a renewed attraction in municipals and sound government loans.

The railroad list was irregularly lower, with several issues selling at new lows, although rallies occurred here and there. Although there is some hope that the meeting of 1,500 representatives of the brotherhoods in Chicago, December 8, may vote for voluntary wage reductions, many are of the opinion the carriers will have to battle for relief under the Transportation Act. If the matter comes to a fight

between the roads and the unions, it is feared rail loans may sink lower. Industrials and utilities were mixed although the minus signs were inclined to predominate in early dealings. Foreign obligations were moderately active. Tokio City 5½s jumped two points after noon.

ELECTION SOON,  
WOOTTON SAYS

Forecast Made By Conservative President at Ward Meeting

A provincial election "within the next twelve months" at which the people of British Columbia will be asked to return the Talmie Government to power was forecast last evening by R. A. Wootton, president of the Victoria Conservative Association, speaking at the meeting of Ward Five Conservative in the Campbell Building.

"It now behooves every loyal Conservative to win as many supporters to the cause as possible," Mr. Wootton said. He urged Conservatives to develop the spirit of fellowship. H. Despard Twigg, M.P.P., spoke on the gold standard, and its suspension by Britain. He also spoke of the economic conference called for next year at Ottawa, which, he predicted, would bring greater prosperity than ever for Britain and the Dominions. He declared that those persons in Britain who had scoffed at Premier Bennett's scheme of Empire preference had now returned on a wave of a nationalist government victory to praise and commend Canada's Premier.

Winnipeg Mayor  
Tells Ottawa He  
Was Misquoted

Canadian Press  
Winnipeg, Nov. 25.—Mayor Ralph H. Webb yesterday evening denied he had told the city council Monday evening

the Dominion Government would buy City of Winnipeg bonds for financing of the city's share of unemployment relief projects cost. The mayor sent a telegram yesterday to Hon. E. N. Rhodes, Acting Minister of Finance at Ottawa, setting out he had been misquoted and that he had explained to the council that the Dominion would finance the provincial governments, and they, in turn, would finance the municipalities.

CENSUS FIGURES  
ARE REPORTED

Ottawa Statement Indicates  
Canada's Total Well Over  
10,000,000

Canadian Press  
Ottawa, Nov. 25.—With population figures complete for the three Maritime provinces, Ontario and the three prairie provinces, it would appear that the population of Canada at the 1931 census was well over the 10,000,000 mark. With Quebec, British Columbia and the Northwest Territories yet to come, the population is 6,783,429. Placing these at the same figures as in the 1921 census, the total for

the Dominion would be approximately 9,881,000, so that to reach 10,000,000 all British Columbia and Quebec together would have to gain would be 319,000, and it is generally expected their gains will be considerably more.

ONTARIO FIGURES  
By electoral districts some of the Ontario figures are given as follows, the total population of Ontario being 3,426,488 as compared with 2,933,662 in 1921:

SCHOOL PROGRESS  
IS TOLD TRUSTEES

Progress reports on the erection of the Carey Road High School were yesterday evening presented to the Beach School Board by Hubert Savage, A.R.I.B.A. It is expected that most of the roof will be shingled this week. Trustee H. L. Briggs expressed the opinion that the auditorium interior should be finished this year, and suggested that the trustees apply to the council for an additional grant. He said the flooring and heating could be done for about \$3,000, and the hall might be expected to produce a revenue from concerts and entertainments. The proposal was deferred when it was pointed out that the council had no money available this year. It may again be considered as a matter suitable for a money by-law. The council will be asked to complete Wascana Street to give access to the high school grounds.

## THREE-YEAR SENTENCE

Canadian Press  
Winnipeg, Nov. 25.—Convicted of conspiracy in connection with the burning of the Cross Lake Indian School last February, when thirteen lives were lost, Nelson Hughes, aged twenty, was sentenced yesterday to three years in the penitentiary, George Paynter, who actually fired the structure, was sentenced some weeks ago to life imprisonment. Mr. Justice Robson told Hughes the jury accepted evidence to show he merely had acted as "watchman" to protect Paynter from interruption when firing the building and found him guilty of the lesser charge.

FAITH AND  
CONFIDENCE

FAITH in itself and CONFIDENCE in its future are attributes of a nation's greatness. They bring independence to the individual, bind communities into a national unit of mutual interest, create a spirit of well-being and prosperity throughout the land and establish abroad the prestige of the nation.

The Dominion of Canada *National Service Loan* is Canada's symbol of faith and self-confidence. It is Canada's challenge to world conditions. Its success bridges the impasse of credit adjustments which this country, in common with others, must make.

The Loan offers a gilt-edged investment. A quick and whole-hearted response by the Canadian people will impress the world.
